Re-covering the Daughter's Nakedness Madeline Gay McClenney-Sadler, 2007-08-10 In order to assess the purpose and function of the incest narratives in the Pentateuch and the incest prohibitions of Leviticus 18 McClenney Sadler's book offers a formal examination of ancient Israelite kinship terminology According to anthropologists only through a formal analysis of kin terms can incest prohibitions be properly understood A formal analysis of kinship terms is a method employed by ethnographers to compare the kinship system of any given society with one of the six conventionally recognized kinship systems worldwide There are very specific culturally patterned and expected behaviors that every society adopts in relation to post-marital residence rules of descent kinship terminology and incest prohibitions These patterns are socially conditioned and eventually produce either of the six kinship systems A close reading of the biblical textual evidence in light of Syro-Palestinian archaeology allows us to conclude that the kinship system of ancient Israel was Normal Hawaiian Furthermore the internal logic and structure of Leviticus 18 becomes clear once we recognize that descent is not biological but jural in nature Reading Leviticus 18 with this idea in view we find that a Normal Hawaiian kinship system is reflected in both the Genesis incest narratives and the legal form of Leviticus 18 A hierarchy of kinship becomes transparent in the form and structure of Leviticus 18 In particular we see in this form that wives and mothers were treated as heads of family in biblical law and endowed with spousal and parental rights and authority over every other family member not only in incest laws but in all matters The jural authority of mothers and wives is structurally represented as second only to that of Yahweh

studies by Berti Breij and Johansson Also with an eye to the complex interaction between laws and declamation Pasetti offers a narratological analysis of cases of poisoning Citti discovers the concept of natural law represented in declamatory material While looking at a case of extreme cruelty Huelsenbeck evaluates the nature of declamatory language emphasizing its use as an integral instrument of performance events Zinsmaier looks at discourse on the topic of torture in rhetorical and legal contexts
