Married Or Single:

Getting Serious about Getting Married Debbie Maken, 2006 The biblical benefits of marriage and God's command to marry have been severely downplayed in churches today Maken addresses this issue and prompts men and women to remember the Creator designed humans to feel incomplete without a spouse Relationships *Why Singles are Not Married and the Married are Single* Mike Marra, 2006-01 With all of this turmoil around us we definitely have a need for God love family and patriotism These ingredients are the foundations of a great nation They're the power to defeat the enemy They provide a desire to thrive toward oneness and uniqueness Our strength and foundation for values morals passion and prosperity are found within these virtues Because we are designed for relationship and the need to love one another selflessly we now ache and grieve for attention and the feeling of love due to our selfishness The yearning for love stems from coast to coast and throughout the nations True love is difficult to achieve because our advancements have actually divided hurt and depressed people beyond our comprehension The world has turned its back on God and what He intended life to be Yet there are myriads of reasons excuses and blame for the high rates of divorce and singleness Married and Single Life Audrey Palm Riker, Deborah Ross Stone, Holly E. Brisbane, Charles Riker, 1988 A practical guide for planning and preparing for life as a single adult as a married couple and as part of a family or other group arrangements Cohabiting, Married, Or Single Christopher Prinz, 1995 This work asks if we are observing a cultural change leading to the dissolution of the family as we see marriage declining divorce rising fertility dropping and children born to single mothers increasing However it suggests we may merely be seeing a shift from marriage to cohabitation *Married and Single Life: Student guide* Audrey Palm Riker, Holly E. Opeche, 2017-12-19 Sam Opeche didn't know his mum until he turned 19 His parents were divorced when he was just six Something always told him that growing up wouldn't have been so difficult if his parents had stayed together He found that there's his dad's side of the story his mum's side of the story and then there's the truth Since then a lot of his time has been spent on trying to search for the truth Could his parent's divorce have been prevented or was it inevitable Could there have been something different in the mix that may have helped them weather the storms or could it be that they were just not made for each other It wasn't until years later as he faced up to his own personal challenges in marriage that it dawned on him what the solution could have been Don't Get Married Until You Are Single but if you are married already seek singleness and self love and your marriage will blossom to new dimensions of fulfilment Married & Single Life Audrey Palm Riker, Holly E. Sedgwick,2018-01-30 Excerpt from Married or Single Vol 1 of 2 It might seem natural and decorous that one approaching the limit of human life should if writing at all write a book strictly religious but the novel and to that guild we belong does not seem to us the legitimate vehicle of strictly religious teaching Secular affairs should be permeated by the spirit of the altar and the temple but not brought within the temple s holy precincts About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Consequences of Being*

Single Douglas Richard Austrom,1984 As a result of contemporary trends in marriage and divorce the proportion of single adults has risen quite dramatically Because of the number of unmarried adults roughly 60 million in North America it is increasingly necessary to assess the consequences of this supposedly solitary lifestyle A questionnaire study was conducted to compare the physical well being frequency of depressive symptoms happiness and life satisfaction of 517 single adults with a matched sample of 521 married adults Contrary to the findings of most previous studies the married respondents did not report better physical health than the single respondents The married respondents were however significantly happier less frequently depressed and more satisfied with their lives Further analyses showed that social support was a better predictor of life satisfaction and depressive symptomatology than marital status per se But being married is still a factor in psychological well being happiness and life satisfaction at least insofar as the primary affectional bond provides the requisite social support Other factors which contribute to the quality of single life were assessed and discussed **Married and**

Buie,2016-07-03 Being alone and being lonely are two different things One can be alone without being lonely and one can be lonely sitting in the house with the one you love Loneliness is therefore a state of mind an emotion brought on by feelings of separation from other human beings The sense of isolation is very deeply felt by those who are lonely Imagine telling someone that you love that they are hurting you and they continue to do what you told them which was hurting you Imagine being in the room with the one you love and it s full of darkness This book teaches on connecting with someone Spiritually Emotionally and not always Materialistically Remember no man or woman can save you Being single is not a disease and being with someone is not always the cure Your Soul mate will love your imperfections *Married and Singles* Bukola

Agunbiade Olajide,2021-03-15 God never created a marriage to fail hurt or be frustrated The only reason marriage is failing today is simply because we are trying to do different things from what God designed it to be Every couple has 100 percent chances for a successful marriage only if they can do it the way God planned it The problem is not with the marriage it s couples ignorance in understanding each other The best couples are the couple that realised they have many differences and make every effort to work on their differences If you are already married but going through a rough patch or simply want to strengthen your bond by allowing God to restore your marriage this particular book is for you If you re single contemplating marriage choosing a life partner is one of the most important decisions to make in life The choice of life partner you make can determine the quality of your life in the future much more than any other decision you make in your life Many singles spend more time developing academic knowledge deciding where to go to college choosing the cause to study building physical fitness but spending little time or no time on choosing the right future partner which has led to many failures in marriages today If you give God a chance to choose for you he can give you a description of the kind of person that he desires you to marry For you to have a successful marriage and if you want God s blessing over your marriage which you do then it s better to listen to God about the kind of person he wants you to marry Love alone is not enough reason to marry **Starting Over Single** Teena Read,2008 Of all the transitions in life few hold so much uncertainty as the transition from married life to single life Whether the transition follows a death or a divorce the newly single face myriad challenges as they enter this new portion of their lives Teena Read provides readers with practical advice for this uncharted territory She touches on managing financial matters dating again fitting into a family centered church and finding happiness in this different stage of life Anecdotes and advice range from funny to poignant to inspirational Thoroughly researched Starting Over Single pulls in personal experiences from a wide cross section of the LDS single community and proves that for the single adult this can be a time of reinvention and a time to explore new horizons the end of marriage does not signify the end of life there is so much that life has to offer whether you are married or single with this well structured guide to life as a single Latter day Saint readers can proceed confidently and safely *Annual Report of the Secretary of Internal Affairs of the Commonwealth of Pennsylvania* Pennsylvania.
