Martin Sloane A Novel:

Martin Sloane Michael Redhill, 2009-02-28 The story of a relationship across two decades of Jolene's search for Martin Sloane when one day he disappears from their home without warning or explanation is told in a novel that brilliantly and movingly explores the vagaries of love and friendship the burdens of personal history and the enigmatic power of art

Martin Sloane Michael Redhill, 2001-10-30 In 1984 Jolene Iolas a student in upstate New York encounters Martin Sloane's art while visiting a Toronto gallery. Flush with the confidence of youth she strikes up a correspondence with the older artist and eventually the two become lovers. Introduced to a constancy of love she has never known Jolene relaxes into the rituals of being someone's other half. She learns Martin's story and cherishes it as her own. He becomes a fixture in her life a star in her sky. And then he vanishes. There is no hint of his fate no chain of cause to be followed. Over a long fall the shock slowly hardening into fact Jolene sheds her life losing everything including her oldest friend Molly to inexplicable grief. Ten years pass Jolene slowly learns to stop trying to make sense of it all. But before she can fully return to life the opportunity to confront a ghost arises. Word has come from Molly of all people that someone named Sloane has been exhibiting artworks identical to Martin's in Irish galleries. Jolene travels to Dublin where she reluctantly reconnects with Molly and together they find themselves lost in a jumble of pasts as they try to piece together what happened to Martin Sloane. An exquisitely crafted novel Martin Sloane is about the mysteries of love and art the weight of history and what it means to bear memory for the missing and the dead.

Martin Sloane Michael Redhill, 2002-06 What does it really mean to love another person? The question hovers like a persistent wisp of fog over the story of Martin Sloane an Irish born artist who creates intricate object filled boxes and Jolene Iolas the young American woman who finds herself drawn first to Martin Sloane's art and then to the man himself. The story of their relationship across two decades and of Jolene's search for Martin Sloane when one day he disappears from their home without warning or explanation is told in a novel that brilliantly and movingly explores the vagaries of love and friendship the burdens of personal history and the enigmatic power of art.

Simple Recipes Madeleine Thien, 2009-10-31 With delicate language and wisdom Madeleine Thien explores the longing of families pulled apart by conflicts between generations cultures and values. Each of these stories captures a deeply personal world in which characters struggle to reconcile family loyalty with individual desires. In *House* a 10 year old girl longs for the alcoholic mother who left the house one day never to return. In *Dispatch* a woman tries to hold her marriage together even after finding proof that her husband is in love with someone else. In *A Map of the City* a young woman's troubled relationship with her father overshadows the course she takes in her adult life. Thien's fresh perspective and spare haunting prose have already won her prizes and the praise of established masters. *Simple Recipes* is the beginning of a luminous writing career.
