Marx and the Marxists Sidney Hook,1955    Karl Marx and Friedrich Engels (RLE Marxism) Cecil L. Eubanks,2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels    *Marx and Marxism* Gregory Claeys,2018-04-24 A new biography of Karl Marx tracing the life of this titanic figure and the legacy of his work Karl Marx remains the most influential and controversial political thinker in history He died quietly in 1883 and a mere eleven mourners attended his funeral but a year later he was being hailed as the Prophet himself whose name and writings would endure through the ages He has been viewed as a philosopher economist historian sociologist political theorist even a literary craftsman But who was Marx What informed his critiques of modern society And how are we to understand his legacy In *Marx and Marxism* Gregory Claeys a leading historian of socialism offers a wide ranging accessible account of Marx's ideas and their development from the nineteenth century through the Russian Revolution to the present After the collapse of the Soviet Union his reputation seemed utterly eclipsed but now a new generation is reading and discovering Marx in the wake of the recurrent financial crises growing social inequality and an increasing sense of the injustice and destructiveness of capitalism Both his critique of capitalism and his vision of the future speak across the centuries to our times even if the questions he poses are more difficult to answer than ever    Ambiguous Legacy Sidney Hook,1955    **Marxism, Pragmatism, and Postmetaphysics** Ulf Schulenberg,2019-02-15 From *Finding to Making* offers the first detailed discussion of the relationship between Marxism and pragmatism These two philosophies of praxis are not incompatible and an analysis of their relation helps one to better understand both Establishing a transatlantic theoretical dialogue this book discusses similarities and differences between these philosophies It is an interdisciplinary study that brings together philosophy American and European intellectual history and literary studies Schulenberg's book shows that if we seek to continue the unfinished project of establishing a genuinely postmetaphysical culture the attempt to elucidate the dialectics of Marxism and pragmatism is a good starting point The book offers detailed discussions of Sidney Hook Georg Lukcs Theodor W Adorno Fredric Jameson W E B Du Bois John Dewey Richard Rorty and Jacques Rancire

**Marxism and History** S. H. Rigby,1998 This critically acclaimed book now in its second edition is firmly established as an essential guide to this recent historiographical debate Adopted as a set book by the Open University An indispensable guide to Marxist historiography for undergraduates    Marxism and the Proletariat Stephen Perkins,1993 In an unusual approach to Marxist studies Perkins uses the category of the proletariat as the key to which to demarcate different schools of thought within Marxism and consequently to assess their degree of fidelity to Marx's own thought He examines the contribution to

this perspective made by Lukacs and demonstrates how Lukacs is able to account for the apparent failure of Marxism in the political conditions of advanced capitalism     Marx and the Ancients George E. McCarthy, 1990-08-30 Marx and the Ancients is the first book length treatment to detail the relationship between classical Greek philosophy and Karl Marx's critique of political economy. From his dissertation on the physics and astronomy of Epicurus and Democritus to his later economic writings Marx's view of the classical polis left its mark. George McCarthy argues that this forgotten element in Marx's thought helps clarify his positions on ethics and social justice     **Russia Since 1917** Frederick Lewis Schuman, 1962

Miller, 1966     **Comparative Economic Systems** William Negele Loucks, 1965 Textbook Very detailed comparison of the different economic systems including capitalist socialist and communist economic policy and economic planning USA UK USSR Yugoslavia China India International Bibliography at end of chapters

Marxism: the View from America Clinton Rossiter, 1960 Provides an assessment of American Communism and explains why communism never took hold in the United States     *The Government of the Soviet Union* Gwendolen Margaret Carter, 1972     Soviet Politics and Government Randolph L. Braham, 1965     *A Soviet Postmortem* Sigmund Krancberg, 1994-11-08 In the wake of the Soviet Union's collapse it has become apparent that Sovietology failed with a few praiseworthy exceptions to understand the nature and fragility of the Soviet system. A Soviet Postmortem sets the Soviet experiment in a more realistic perspective. Krancberg emphasizes the importance of Marxist-Leninist ideology in formulating sociopolitical norms imposed on society by the Communist Party of the Soviet Union. Analyzing the realities of the Soviet regime the author reveals the extent to which Soviet political culture was an artificial imposition with only slender roots in the life of Soviet society     **The Soviet Economy** Howard J. Sherman, 1969 General study of the economy of the USSR during the period from 1917 to 1965 gives historical background and covers geographical aspects political aspects aspects of ownership the Soviet economic theory economic growth industrial development agriculture economic planning economic policy economic administration entrepreneurship fiscal policy price policy economic relations the problem of decentralization etc References and statistical tables     **Bulletin of the Library** Foundation for Reformation Research.
