

Marxist and Socialist Feminism, Part II

- The later half of the chapter discusses the critiques and responses made on Marxist Feminism. Jean Bethke Elshtain is concerned that many Marxist feminists undervalue the 'family' in a capitalist context.
- Marxist feminists respond that they are in complete agreement that the family should be preserved but the family as an economic unit should be destroyed along with capitalism.
- Alison Jaggar takes a critical approach against Marxist feminism because it does not say enough about how women are oppressed by men in particular.
- Jaggar describes prostitution and marriages of convenience both as forms of economic oppression perpetrated against women in particular. Alison Jaggar again argues that work should be humanizing but under capitalism it becomes dehumanizing. She further states that motherhood like sexuality and reproduction has become alienating for women.

Marxism And Feminism:

Marxism and Feminism Shahrzad Mojab, 2015-03-12 Global events from economic crisis to social unrest and militarization disproportionately affect women. Yet around the world it is also women who are leading the struggle against oppression and exploitation. In light of renewed interest in Marxist theory among many women activists and academics, *Marxism and Feminism* presents a contemporary and accessible Marxist feminist analysis on a host of issues. It reassesses previous debates and seeks to answer pressing questions of how we should understand the relationship between patriarchy and capitalism and how we can envision a feminist project which emancipates both women and society. With contributions from both renowned scholars and new voices, *Marxism and Feminism* is set to become the foundational text for modern Marxist feminist thought.

Marxism and the Oppression of Women Lise Vogel, 2013-06-03 Nearly thirty years after its initial publication, *Marxism and the Oppression of Women* remains an essential contribution to the development of an integrative theory of gender oppression under capitalism. Lise Vogel revisits classical Marxian texts, tracking analyses of the woman question in socialist theory and drawing on central theoretical categories of Marx's *Capital* to open up an original theorisation of gender and the social production and reproduction of material life. Included in this edition are Vogel's article *Domestic Labor Revisited*, originally published in *Science Society* in 2000, which extends and clarifies her main theoretical innovations, and a new Introduction by Susan Ferguson and David McNally situating Vogel's work in the trajectory of Marxist feminist thought over the past forty years.

Women and Revolution Lydia Sargent, 1981 *Women and Revolution*, edited by Lydia Sargent, is the second volume in the South End Press Political Controversies Series on contemporary political theory and practice. The lead article, *THE UNHAPPY MARRIAGE OF MARXISM AND FEMINISM* by Heidi Hartmann, argues that the marriage of Marxism and feminism has been like that between husband and wife depicted in English common law: Marxism and feminism are one, and that one is Marxism. To continue the metaphor further, either we need a healthier marriage or we need a divorce. The twelve contributors to this discussion are Iris Young, Christine Riddiough, Gloria Joseph, Sandra Harding, Azizah al-Hibri, Carol Ehrlich, Lise Vogel, Emily Hicks, Carol Brown, Katie Stewart, Ann Ferguson, Nancy Folbre, Zillah Eisenstein.

Women's Oppression Today Michèle Barrett, 1980

Thinking Through Himani Bannerji, 1995-05-27 *Thinking Through* brings together new and recent writing by Himani Bannerji. Through anti-racist Marxist feminism, Bannerji questions the notion of distinct separate oppressions, which understands gender, race, and class as separate issues. Incisive and important, *Thinking Through* offers a new strategy to theorizing gender, race, class, and socialist revolution.

Woman Questions Lise Vogel, 1995

Women's Oppression Today Michèle Barrett, 2014-08-12 *Women's Oppression Today* is a classic text in the debate about Marxism and feminism, exploring how gender, sexuality, and the family/household system operate in relation to contemporary capitalism. In this updated edition, Michèle Barrett surveys the social and intellectual changes that have taken place since the book's original publication and looks back at the political climate in which the book

was written In a major new essay she defends the central arguments of the book at the same time addressing the way such an engagement would play out differently today over thirty years later A foreword by Kathi Weeks examines the importance of approaching all feminist theories as events whose repercussions stretch beyond the circumstances of their creation

Revolutionary Learning Sara Carpenter,Shahrazad Mojab,2017-02-20 *Revolutionary Learning* explores the Marxist and feminist theorisation of dialectics praxis and consciousness in education and learning Moving beyond previous books on Marxism and education which tend to focus on the reproductive nature of educational institutions this groundbreaking text draws upon work by leading feminist anti racist and anti colonial scholars in its exploration of the key philosophical concepts that build the Marxist analysis of learning Alongside chapters dealing with adult education institutional ethnography and the promotion of civic engagement the authors also reassess the contributions of Marx Gramsci and Freire to educational theory Adopting an innovative and explicitly feminist perspective they relocate these theorists Marxist analyses of education into a more complex relation to patriarchal and imperialist capitalism With significant implications for critical education scholarship research and practice *Revolutionary Learning* s importance lies not only in its contribution to theory but its extension into pedagogical practice with special attention to how a revolutionary critique of ideology is taken up by educators in their daily work

Feminism and the Marxist Movement Mary-Alice Waters,1972 Since the founding of the modern workers movement 150 years ago Marxists have championed the struggle for women s rights and explained the economic roots in class society of women s oppression Photos

Feminist Marxism Or Marxist Feminism Pat Armstrong,1985

Patriarchy of the Wage Silvia Federici,2021-08-24 At a time when we are witnessing a worldwide expansion of capitalist relations a feminist rethinking of Marx s work is vitally important In *Patriarchy of the Wage* Silvia Federici bestselling author and the most important Marxist feminist of our era asks why Marx s crucial analysis of the exploitation of human labor was blind to women s work and struggle on the terrain of social reproduction Why was Marx unable to anticipate the profound transformations in the proletarian family that took place at the turn of the nineteenth century creating a new patriarchal regime *Patriarchy of the Wage* does more than just redefine classical Marxism It is an urgent call for a new kind of radical politics

Materialist

Feminism Rosemary Hennessy, Chrys Ingraham, 1997 During the 1980s capitalism triumphantly secured its global reach anti communist ideologies hammered home socialism's inherent failure the New Left increasingly moved into the professional middle class and many of feminism's earlier priorities were marginalized Identity politics often formulated in terms of social reconstructionism or multiculturalism has increasingly suppressed materialist feminism's systematic perspective replacing it with discourse analysis or cultural politics Materialist Feminism A Reader argues against the retreat to multiculturalism for keeping invisible the material links among the explosion of meaning making practices in highly industrialized social sectors the exploitation of women's labor and the appropriation of women's bodies that continues to undergird the scramble for profits and state power in multinational capitalism *The Contested Domain - Selected Writings on Marxism and Feminism*

Lise Vogel, 2025-11-20 Lise Vogel is a unique voice in feminist theory This book collects her best essays opening a window into the last half century of US socialist feminism A trailblazer in the 1970s Vogel planted the seeds for contemporary Social Reproduction Theory with her unitary theory of exploitation and the oppression of women Along with others she challenged established views within the academy and movement by insisting that Marxist theory can accommodate class race and gender Today her work is more popular than ever inspiring socialist feminists to develop inclusive liberatory ideas for the next generation This compilation brings together five decades of Vogel's work including long out of print material It is a crucial resource for readers interested in the intellectual history of Marxist feminism and twentieth century activism **The**

Politics of Diversity Roberta Hamilton, 1986 This collection of Canadian work addresses the question at the top of the feminist agenda can we properly apprehend the difference between women without losing a common political purpose In Britain and the United States new voices have exposed the illusory universality of feminist movements fragmented by recognition of difference Yet in Canada feminism was built from the outset of recognition of diversity resulting from class ethnicity and region from back cover **Educating from Marx** S. Mojab, S. Carpenter, 2011-09-14 Educators have been working to develop an important body of literature on neo liberalism capitalism and imperialism This combines original empirical studies with literature review from critical adult education and feminist theory to examine the theories and practices of adult education from a Marxist Feminist perspective **Feminism for the 99%** Cinzia Arruzza, Tithi Bhattacharya, Nancy Fraser, 2019-03-05 The organizers of the International Women's Strike cut through the corporate feminist Lean In noise to offer a feminism rooted not just in intersectionality but also in economic justice for readers of Roxane Gay and Rebecca Solnit Vogue Feminism shouldn't start or stop with seeing women represented at the top of society It should start with the 99% Unaffordable housing poverty wages inadequate healthcare border policing climate change these are not what you ordinarily hear feminists talking about But aren't they the biggest issues for the vast majority of women around the globe Taking as its inspiration the new wave of feminist militancy that has erupted globally this manifesto makes a simple but powerful case feminism shouldn't start or stop with the drive to have women represented at the top of
