## **Merlin Effect:**

**The Merlin Effect** T. A. Barron, 1994-09-15 Kate Gordon travels to a remote lagoon in Baja California hoping to help her father discover a sunken Spanish galleon that disappeared centuries ago. In time she learns that the ship may have carried something far more valuable than all the gold and silver aboard: a mysterious drinking horn out of Arthurian legend which may have led to the demise of the wizard Merlin. As she explores alone in her sea kayak, Kate encounters several pieces of the puzzle: a terrible whirlpool, a group of ever-singing whales, a seemingly ageless fish, and a prophecy that under certain conditions the ancient ship may rise and sail again. She plunges into an undersea world of bizarre creatures and terrifying foes. But to save the life of her father, she must find some way to regain her own free will and to succeed where even Merlin failed. This remarkable tale, companion to *Heartlight* and *The Ancient One*, weaves together mystery and fact, history and myth, science and faith, all in the course of a compelling adventure.

**Merlin's Dragon** T. A. Barron, 2009-08-25 When Basil the dragon discovers a terrible threat to his world and the wizard Merlin, he begins an epic journey from the Great Tree of Avalon to the outermost edge of the spirit realm to save Merlin and finds a future as great as his heart.

*Merlin's Dragon: Doomraga's Revenge* T. A. Barron, 2010-08-31 The most powerful dragon of all time, Basil, is the loyal friend of the great wizard Merlin. Together they serve as courageous defenders of the mystical lands of Avalon, now threatened by a creature determined to pitch the realm into darkness.

**Act of Consciousness** Adamus Saint-Germain, Linda Benyo Hoppe, Geoffrey Hoppe, 2015-03-20 Life is an act. We act like humans and therefore we experience like humans with a litany of limitations, shortcomings and drama that mask our underlying angelic consciousness. It's an unnatural act that we have come to accept as reality. In *Act of Consciousness*, Ascended Master Adamus Saint Germain begins by explaining the metaphysics of energy. He defines the difference between consciousness and energy and makes the clear point that we are beings of consciousness, not energy, and that the passion of our pure consciousness attracts energy from the unified field to manifest our reality. Adamus defines the four primary levels of energy, including Core soul, Crystalline, Cosmic and Earth, while educating the reader about how the various levels are used by our consciousness to manifest our stage of life. Adamus implores the reader to act like a Master rather than acting like a less than perfect human. This act will literally change the type of energy being attracted into the reader's life and therefore change the reality theatre one exists within. Some readers will question this approach, saying, "It's not real because it's just an act." To which Adamus will reply, "But everything in your life is just an act, so why not act like a prosperous, healthy and wise Master? This will change the theatre of your life, but the real question is: Are you really ready for a substantial change, or are you just trying to tidy up your current stage?" It's a remarkably simple and effective approach to an otherwise mental and laborious process of becoming your full potential. *Act of Consciousness* will make you laugh, make you angry, and make you question your old beliefs about how reality is created and experienced. By the time you read Saint Germain's last words, you will cry a few tears of joy and relief to know that life is as easy as an Act of

Consciousness Saint Germain had many notable past lives including that of William Shakespeare and Mark Twain Samuel Clemens These lifetimes gave him an appreciation for the theatre acting and story telling Book length Approximately 30 000 words A Bibliography of Modern Arthuriana (1500-2000) Ann F.
