The Merovingian Kingdoms, 450 - 751 Ian Wood,1993 **The Merovingian Kingdoms 450 - 751** Ian Wood,2014-06-23 A comprehensive survey which begins with the rise of the Franks then examines the Merovingians

Encyclopedia of Barbarian Europe Michael Frassetto,2003-05-23 The first comprehensive reference work devoted exclusively to this dark but critical period in the history of Western civilization In the Encyclopedia of Barbarian Europe medieval expert Michael Frassetto amasses the evidence for the defense and prosecution of this little understood transition era in the history of Western civilization Covering nearly 1 000 years of history from the late ancient period through the first centuries of the Middle Ages this concise but thorough reference work examines the key figures places events and ideas of barbarian Europe This title chronicles the ancient Visigoths the rule of Benedict and the sacking of Rome The easy to access alphabetical entries and essays offer more than a mere chronicling of kings and battles and explore the social and cultural history of the era with special attention played to the role of women **Rituals of Power** Frans Theuvs,Janet

Nelson,2021-10-01 13 papers by 16 leading archaeologists and historians of late antiquity and the early middle ages break new ground in their discussion analysis and criticism of present interpretations of early medieval rituals and their material correlates Some deal with rituals relating to death life cycles and the circulation in other contexts of objects otherwise used in the burial ritual Others are concerned with the symbolism and ideology of royal power the formation of a political ideology east of the Rhine from the mid 5th century onwards and penance rituals in relation to Carolingian episcopal discourse on ecclesiastical power and morale All deal with the creation of new identities cultures norms and values and their expression in new rituals and ideas from the period of the Great Migrations through the Later Roman Empire down to the society of Beowulf and the later Carolingians **East and West: Modes of Communication** Evangelos Chrysos,Ian

Wood,2023-07-24 The End of Antiquity saw an increase in the divide between East and West This crucial development in the history of the Late and Post Roman World was addressed in a series of linked papers delivered at the first plenary conference of the European Science Foundation s scientific programme on the Transformation of the Roman World held in 1995 A group of leading scholars Beat Brenk Peter Brown Averil Cameron Christian Hannick N Oikonomedes Lennard Ryden addressed questions of social cultural artistic and linguistic change concentrating largely on developments within the East while changes in the West were explored in a series of responses from Michel Banniard Mayke de Jong Alain Dierkens Niels Hannestad Walter Pohl Ian Wood In addition the history of Late Roman and Visigothic Merida the setting for the conference was set out by Javier Arce Together these papers constitute a major exploration of the social and cultural changes in East and West in the period of the Transformation of the Roman World To this collection are added two papers by Paolo Delogu and Thomas F X Noble delivered in the course of the third and final plenary congress of the programme held in Isernia in 1997 assessing the achievement of the whole project at the end of five years of conferences and workshops **Transformations**

of Romanness Walter Pohl, Clemens Gantner, Cinzia Grifoni, Marianne Pollheimer-Mohaupt, 2018-07-09 Roman identity is one of the most interesting cases of social identity because in the course of time it could mean so many different things for instance Greek speaking subjects of the Byzantine empire inhabitants of the city of Rome autonomous civic or regional groups Latin speakers under barbarian rule in the West or increasingly representatives of the Church of Rome Eventually the Christian dimension of Roman identity gained ground The shifting concepts of Romanness represent a methodological challenge for studies of ethnicity because depending on its uses Roman identity may be regarded as ethnic in a broad sense but under most criteria it is not Romanness is indeed a test case how an established and prestigious social identity can acquire many different shades of meaning which we would class as civic political imperial ethnic cultural legal religious regional or as status groups This book offers comprehensive overviews of the meaning of Romanness in most former Roman provinces complemented by a number of comparative and thematic studies A similarly wide ranging overview has not been available so far

The Roman Empire Divided, 400-700 John Moorhead,2001 Unmatched in its chronological sweep and with an impressive and unusual geographical range this ambitious history offers a new and vital interpretation of the post Roman world The decline and fall of the Roman Empire has transfixed historians for centuries This important new account looks at what happened after the power of the once mighty empire was swept away Smaller states founded by Slavs Arabs Germanic peoples and others moved in to fill the void and laid the foundations for the later histories of western Europe the Balkans the Middle East and north Africa John Moorhead looks at how these fundamental changes were influenced by other social economic and political developments taking place at the same time Using a fascinating array of evidence he weaves the numerous threads into a convincing and lucid narrative and shows how by the end of the eighth century the civilization of the ancient world had been replaced by a series of units which had very little in common with each other

Anthimi De observatione ciborum Anthimus,1996 Anthimus was a Greek doctor condemned by the Emperor of Constantinople to a life of exile at the court of Theodoric the Ostrogoth barbarian ruler of Italy at the beginning of the 6th century AD In the course of his life in Ravenna he was sent as ambassador to the King of the Franks and perhaps as a sweetener to his fierce yet royal host wrote a letter about foods which were good for you which were bad and in some cases how to cook and serve them It may reasonably be called the first French cookery book various errors of fact in earlier editions a Latin text based on the editio princeps of 1864 a modern English translation and a detailed commentary on the work itself with many cross references to classical medical treatises the literature of classical cookery and modern scholarship insofar as it knows anything of the food and cookery of the early Merovingian Franks linguistic transition from classical to medieval Latin but rarely has it been treated for what it was a cookery and medical treatise It shows cooking on the cusp between the bread vegetable and oil based cuisine of the Mediterranean and the meat dominated cookery of the northern forests

Britons in Anglo-Saxon England N. J. Higham,2007 The number of native Britons and their role in Anglo Saxon England has been hotly debated for generations the English were seen as Germanic in the nineteenth century but the twentieth saw a reinvention of the German past Today the scholarly community is as deeply divided as ever on the issue place name specialists have consistently preferred minimalist interpretations privileging migration from Germany while other disciplinary groups have been less united in their views with many archaeologists and historians viewing the British presence potentially at least as numerically significant or even dominant The papers collected here seek to shed new light on this complex issue by bringing together contributions from different disciplinary specialists and exploring the interfaces between various categories of knowledge about the past They assemble both a substantial body of evidence concerning the presence

of Britons and offer a variety of approaches to the central issues of the scale of that presence and its significance across the seven centuries of Anglo Saxon England Publisher s website
