Living God's Life W.J. Caywood,2022-01-29 We live in an era when the divide between the perception of the Gospel truth and the experience of the Gospel truth for Christian people to say nothing about others are more tenuous than prior generations Evidence of this tension can be readily observed and felt in what Christians report about themselves and how they are responding to the quickening shifts in society and Western culture We need to once again find the path to be grounded in the truth as revealed in the Person of Jesus the Messiah In him we can know experientially of God holiness of life and the practice of God's righteousness together in the community in order to be faithful witnesses in this generation This book is a study and reflection on the letter of 2 Peter with special emphasis on implementing the messages principles and exhortations of this New Testament letter for Christians in this changing modern world *Living God's Politics* Jim Wallis,2006-08-29 After fifteen weeks on the New York Times Bestseller list God's Politics not only changed the conversation about faith and politics in this country it began a movement All across the country wherever Jim Wallis spoke people were frustrated by tax cuts and budgets that widened the gap between rich and poor aggravated by the government's lack of response to natural disasters wearied of misinformation and the ongoing war in the Middle East and exasperated by the impractical political rhetoric about sexual abstinence in lieu of policies that would strengthen more broadly family values and community health Folks began asking what they could do to promote peace economic justice racial equality and the sanctity of life They wanted to know how they could influence government policies to better reflect their moral values In response Wallis and the editors of Sojourners magazine offer Living God's Politics a reader's guide for putting the lessons of God's Politics into action Who will change our government's policies to better integrate our values We're the ones we've been waiting for and this book offers us the tools and techniques to change the political landscape for the better **Student**
