Metaphysics And Religious Language:

Metaphysics and Religious Language Frank Brown Dilley,1964 Makes use of major philosophical works to show their implications for understanding the nature of metaphysical thinking Dilley F. DILLEY,1990-04 Metaphysical and Religious Language Donald MacKenzie MacKinnon,1954 Religion Within the Limits of Language Alone Felicity McCutcheon,2017-03-02 Religion Within the Limits of Language Alone provides a critical examination of the Wittgensteinian philosophers of religion who claim that the word God cannot be understood as referring to a metaphysical being who may or may not exist McCutcheon traces the arguments offered by these philosophers of religion back to Wittgenstein s own criticisms of speculative metaphysics arguing that in its religious usage the concept of God does not fall under Wittgenstein s anti metaphysical gaze In presenting a detailed account of Wittgenstein s own philosophical method including his criticisms of metaphysics McCutcheon shows that it is possible to accept Wittgenstein s criticisms of metaphysics whilst retaining the metaphysical content of religious language This book offers a fresh understanding of Wittgenstein s philosophical method and a new critique of religious discourse for those studying philosophy and religious studies Religion Within the Limits of Language Alone Felicity McCutcheon,2018-03-31 This title was first published in 2001 Religion Within the Limits of Language Alone provides a critical examination of the Wittgensteinian philosophers of religion who claim that the word God cannot be understood as referring to a metaphysical being who may or may not exist McCutcheon traces the arguments offered by these philosophers of religion back to Wittgenstein s own criticisms of speculative metaphysics arguing that in its religious usage the concept of God does not fall under Wittgenstein s anti metaphysical gaze In presenting a detailed account of Wittgenstein s own philosophical method including his criticisms of metaphysics McCutcheon shows that it is possible to accept Wittgenstein s criticisms of metaphysics whilst retaining the metaphysical content of religious language This book offers a fresh understanding of Wittgenstein s philosophical method and a new critique of religious discourse for those studying philosophy and religious studies Religious Language, Meaning, and Use Robert K. Bolger,Robert C. Coburn,2019-08-22 Can the meaning of religious language be separated from its use In Religious Language Meaning and Use Robert Bolger and Robert Coburn address what has become a contentious though often overlooked account of the relationship between religious belief and religious practice Through philosophical argumentation and by means of a variety of sermon like essays on religious topics this book seeks to return religion to the place in which the meaning and practical impact of its beliefs become inseparable from the life of the believer Part I begins by considering through the loose lens of Wittgenstein s philosophical method how religious language has been misunderstood leading straightway to a variety of challenges and conceptual confusions Part II presents previously unpublished essays written by Robert C Coburn who has for over 50 years been at the forefront of the study of metaphysics and philosophy of religion Making a compelling case for a religious practice that avoids trivializing religious belief this book promises to be a corrective to those who see faith as

nothing more than ethics in disguise and to those metaphysicians who see faith as a set of beliefs *Borderlands of Theology* Donald Mackinnon, 2024-01-01 In this reprinted edition of *Borderlands of Theology* Donald MacKinnon examines philosophical theological and ethical dilemmas bringing his theological expertise to bear alongside his scientific knowledge Formulating his estimations through the person of Jesus Christ he maintains a commitment to the concrete and the actual whilst resolutely believing in the search for truth as meaningful beyond a simple search for facts Working on the frontiers where Christian belief and theology are tested Mackinnon's work remains relevant today as a consideration of how Christian faith interacts with ethics philosophy politics the philosophy of history metaphysics and epistemology Mackinnon offers wisdom guidance and a grounded exploration of theology for all those interested in the intersection between theology philosophy and ethics *Personal Religion and Spiritual Healing* Alastair Lockhart, 2019-02-01 A unique historical study of the personal nature of religion spirituality and healing in the twentieth century based on the letters of ordinary people from around the world The Panacea Society was a small religious community of women that was established in England in the early twentieth century They followed the early nineteenth century mystic Joanna Southcott as well other emerging spiritual movements of the day and developed a remarkable spiritual healing practice that spread around the world Based on the thousands of letters held in the Society's healing archive which were sent by ordinary people from around the world Alastair Lockhart offers a detailed study of the religious ideas of religious seekers from the 1920s to the 1970s Focusing on Great Britain Finland Jamaica and the US Lockhart provides unique insight into the personal nature of spirituality in recent times and how ancient and modern spiritual strands were harnessed to the needs of late modern spiritual seekers This book addresses debates about the complexity and meaning of the rise or decline of religion in the twentieth century and the processes involved in the formation of popular nontraditional spiritualities It informs our understanding of global and transnational religions and recent forms of spiritual healing This is a comprehensive history of the Society from its origins to World War II and includes a chapter on the healing and is foundational for work in this field Jane Shaw author of *Octavia Daughter of God The Story of a Female Messiah and Her Followers* *Proceedings of the Aristotelian Society for the Systematic Study of Philosophy*, 1954 List of members in each volume *Myth and Metaphysics* W.A. Luijpen, 2012-12-06

This book is an attempt to interpret man's religious existence an interpretation for which some of the groundwork was laid by the author's book *PHENOMENOLOGY AND ATHEISM* Duquesne University Press 2nd impression 1965 That work explored the denial of God by the leading atheists and came to terms with the most typical forms assumed by their denials Nevertheless I am not an adherent of atheism The reason why it is possible to agree with many atheists without becoming one of them is that man can misunderstand his own religiousness or lapse into an inauthentic form of being a believer What many atheists unmask is one or the other form of pseudo religiousness which should be unmasked On the other hand I have also constantly refused to identify religiousness with such inauthentic forms and to define it in terms of those forms just as I

refuse to identify the appendix with appendicitis the heart with an infarct the psyche as a disturbance and marriage as a fight The book offered here has been written since the rise of the radical God is dead theology This theology without God has often been presented as the only form of theological thought still suitable for modern man As the reader will notice I reject the brash facility with which some modern men measure the relevance of anything by its modernity *The Review of Metaphysics*, 1981 Religious Experience and the End of Metaphysics Jeffrey Bloechl, 2003 Does religious thinking stand in opposition to postmodernity Does the existence of God present the ultimate challenge to metaphysics Strands of continental thought especially those running from Kant Husserl and Heidegger focus on individual consciousness as the horizon for all meaning and provide modern philosophy of religion with much of its present ferment In Religious Experience and the End of Metaphysics 11 influential continental philosophers share the conviction that religious thinking cannot afford to disengage from the challenges of modern European philosophy Together they provide a rich and intriguing set of answers to questions surrounding the meaning of religious experience Topics include subjectivity selfhood and rationality language community and ethics the influence of Jewish and eastern religions on religious experience God as phenomenology and religion in the postmodern age These lucid and arresting essays bring together many of the leading voices in the contemporary continental debate on God and religion *Theology without Metaphysics* Kevin W. Hector, 2011-09-15 One of the central arguments of post metaphysical theology is that language is inherently metaphysical and consequently that it shoehorns objects into predetermined categories Because God is beyond such categories it follows that language cannot apply to God Drawing on recent work in theology and philosophy of language Kevin Hector develops an alternative account of language and its relation to God demonstrating that one need not choose between fitting God into a metaphysical framework on the one hand and keeping God at a distance from language on the other Hector thus elaborates a therapeutic response to metaphysics given the extent to which metaphysical presuppositions about language have become embedded in common sense he argues that metaphysics can be fully overcome only by defending an alternative account of language and its application to God so as to strip such presuppositions of their apparent self evidence and release us from their grip

Blessed Rage for Order David Tracy, 1996-03 In Blessed Rage for Order David Tracy examines the cultural context in which theological pluralism emerged Analyzing orthodox liberal neo orthodox and radical models of theology Tracy formulates a new revisionist model He considers which methods promise the most certain results for a revisionist theology and applies his model to the principal questions in contemporary theology including the meanings of religion theism and of christology **Proceedings of the Aristotelian Society** Aristotelian Society (Great Britain), 1954 List of members in each volume **Questioning Back** Joseph S. O'Leary, 2016-08-31 This is the first of three essays in fundamental theology along with Religious Pluralism and Christian Truth 1996 and Conventional and Absolute Truth 2015 which attempt to reassess the status of Christian doctrinal language within the contemporary regime of truth In light of Heidegger's overcoming of

metaphysics it revisits the age old tension between Athens and Jerusalem between the metaphysical structures of the Greek mind and the texture of the biblical events of revelation and salvation A deconstructive reading that traces this tension in classical Christian texts continued in later studies including Christianisme et philosophie chez Origene Editions du Cerf 2011 clears the ground for a step back to biblical realities as they are apprehended in contemporary consciousness **Religious Books 1876-1982** ,1983 Religion and the End of Metaphysics Dewi Zephaniah Phillips,Mario Von der Ruhr,2008 Papers from the 27th Claremont Studies in the Philosophy of Religion Conference held Feb 10 11 2006 at Claremont Graduate University Beyond Biblical Theology Timo Eskola,2013-10-02 Reading Heikki R is nen s hermeneutics in context Timo Eskola explores the development of Western New Testament interpretation Reclaiming a Wredean approach to the Scriptures R is nen focuses on tradition and interpretation He builds on Weberian sociology adopted through Peter Berger s theories and substitutes sacralized culturalism for biblical theology After examining fourteenth century Quran criticism and its impact on Reimarus Eskola discusses the genesis of the revised history of religion theory that R is nen developed when investigating the Quran s relationship to the Bible Sociology then becomes a link between standard historicism and poststructuralism as R is nen reinterprets Berger s sociology of knowledge R is nen s sacralized culturalism finally becomes the theory from which his magnum opus The Rise of Christian Beliefs has been written **Literary studies ; Religious and metaphysical essays ; Letters on the French coup d'état** Walter Bagehot,1891

Metaphysics And Religious Language Introduction

In today's digital age, the availability of Metaphysics And Religious Language books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Metaphysics And Religious Language books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Metaphysics And Religious Language books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Metaphysics And Religious Language versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Metaphysics And Religious Language books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Metaphysics And Religious Language books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Metaphysics And Religious Language books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Metaphysics And

Religious Language books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Metaphysics And Religious Language books and manuals for download and embark on your journey of knowledge?
