## **Metaphysics Constructing A World View:**

*Metaphysics* William Hasker, 1983      **Metaphysics** William Hasker, 1983-08-16 Helping readers create a consistently Christian worldview William Hasker addresses key questions of metaphysics and discusses possible answers In the *Contours of Christian Philosophy* series      **A Worldview of Everything** Brian Cronin, 2022-11-30 Philosophy has sometimes been described as the discipline in which you can never be wrong as the reserve of absentminded professors aloof academics and purveyors of obscure ideas or interesting opinions Quite the contrary Philosophy answers the hard questions Does everything happen by chance Is there anything more than matter in the universe Are humans in the same class as animals Is there a God Can we know the correct answer to these questions The answers to these questions matter We are all philosophers even though we are not aware of the fact We each have a set of ultimate priorities and principles answers to these questions a big picture that determines our everyday thoughts decisions and actions In this book Brian Cronin uses the ideas of Bernard Lonergan's *Insight A Study of Human Understanding* to argue methodically towards a correct critical comprehensive worldview an answer to those big questions which is the precise task of first philosophy This book is an accessible and readable presentation of Lonergan's metaphysics a somewhat neglected topic Science and philosophy are complementary Scientists answer the concrete detailed questions about everything around us the parts Philosophy integrates all these into a correct worldview of the whole of everything      *Worldviews and the Problem of Evil* Ronnie P. Campbell, Jr., 2019-08-14 How does the Christian response to the problem of evil contrast with that of other worldviews Most attempts at answering the problem of evil either present a straightforward account of the truth claims of Christianity or defend a minimalist concept of God This book is different Inside you'll examine four worldviews responses to the problem of evil Then you'll hear the author's argument that Christian theism makes better sense of the phenomenon of evil in the world equipping you to reach an informed conclusion This book's unique approach integrating worldviews with apologetics with theology will give you a better understanding of the debate surrounding the problem of evil in both philosophy and theology Learn to think cogently and theologically about the problem of evil and Christianity's ability to answer its challenges with *Worldviews and the Problem of Evil* as your guide      *The Integration of Faith and Learning* Robert A. Harris, 2004-04-22 *The Integration of Faith and Learning* A Worldview Approach provides students with the philosophical context and practical tools necessary for making the connections between Christian knowledge and the knowledge they will acquire during their undergraduate and graduate years in higher education This book focuses on helping students understand how worldviews influence the interpretation of data and even what is judged to be knowledge itself The worldviews of philosophical naturalism postmodernism and Christianity are compared and analyzed Throughout the book emphasis is placed on helping students develop the practical skills needed to evaluate knowledge claims and to integrate all knowledge into a unified whole through the touchstone of Christian truth      *With All Your Mind* Michael L. Peterson, 2001-10-29 *With All Your Mind* makes a

compelling case for the value of thinking deeply about education in America from a historically orthodox and broadly ecumenical Christian point of view Few people dispute that education in America is in a state of crisis But not many have posed workable solutions to this serious problem Michael Peterson contends that thinking philosophically about education is our only hope for meaningful progress In this refreshing book he invites all who are concerned about education in America to participate in his study which analyzes representative theories and practical strategies that reveal the power of Christian ideas in this vital area

*Taking Off Roofs and Building Bridges* Alan J. Pihringer, 2022-09-27 Why don t they believe the same things I do Why don t they see things my way We get frustrated when people hold differing opinions from ours or view life s major issues from conflicting angles Their system of belief their worldview seems foreign to us as they filter the events of this world in ways that we would never have imagined and then come to conclusions that we would never even consider When other peoples worldviews contradict ours both of us cannot be right Is there a way to account for the differences and determine if one is right and the

other wrong For the Christian especially can we defend the Christian worldview in a way that upholds our entire system of belief and then opens the door to share the gospel with those who believe differently from us The method of worldview apologetics enables the Christian to expose the faults in other worldviews demonstrate the truth of the Christian worldview and build a bridge for others to hear the gospel of Jesus Christ Both scholarly and practical worldview apologetics equips the Christian to assess and critique differing belief systems and fulfill the call to Great Commission outreach
