Williams, 2005 In the Light of Likeness transformed by Dana A Williams looks critically at the work of contemporary African American author Leon Forrest Not only does she bring to the critical table a well known but as yet understudied modernist author an important endeavor in and of itself but she also explores Forrest s novels cultural dialogue with black ethnic culture and other African American authors as well as provides in depth readings of his prose and interpretations of his narrative style Forrest s highly experimental narrative style his reinterpretation of modernism and his transformations of black cultural traditions into literary aesthetics often pose challenges of interpretation for the reader and the scholar alike As the first single authored book length study of Forrest s novel this book offers readers pathways into his fiction What this culturalist approach to the novels reveals is that Forrest s fiction was foremost concerned with investigating ways for the African American to survive in the contemporary moment Through a variety of characters the novels reveal the African American s art of transformation the ability to find ways to make the wretchedness of the past work in positive ways BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Conversations with Leon Forrest Leon Forrest, 2007 A collection of interviews in which African American author Leon Forrest discusses his life works artistic vision and more Citing Shakespeare P.
