Methodology Field Work:

Methodology and Fieldwork Vinay K. Srivastava, 2004 Contributed articles chiefly with reference to India Fieldwork in Difficult Environments Caleb Wall, Peter P. Mollinga, 2008 Methodologies in Semantic Fieldwork M. Ryan Bochnak, Lisa Matthewson, 2015 This volume brings together papers that discuss methodological issues in conducting elicitation on semantic topics in a fieldwork situation Each author pairs explicit methodological proposals with concrete examples of their use in the field The range of languages discussed span 11 language families and four continents **A Guide to Qualitative Field Research** Carol A. Bailey, 2007 Thoroughly revised the Second Edition of A Guide to Field Research is designed to assist undergraduate students and other beginning field researchers in carrying out their first qualitative studies Its rich examples from classic ethnographies as well as examples generated by the author herself help bring alive the abstract principles of field research **Identity, Agency and Fieldwork Methodologies in Risky Environments** Monique Marks, Julten Abdelhalim, 2020-06-29 Bringing together a unique set of narratives from social scientists who have been situated in risky environments this volume discusses the moral and ethical dilemmas of doing fieldwork in environments that are characterised by insecurity These narratives are situated in the Global South and the majority of the authors are themselves from the Global South bringing both authenticity and originality to the scholarship in this book Coming from the Global South can both facilitate and complicate navigating the complexity of doing research in places characterised by precariousness The authors demonstrate how the morality of the moment and indigenous sensibility is often more pertinent than formal ethical considerations as stipulated by universities and other institutions The authors are refreshingly honest about their own identity dilemmas their choices to exit the field prematurely and the raw emotions that emerged in the process of doing fieldwork in these settings This book is likely to be instructive to young researchers entering into fields that are risky often with little instruction or supervision prior to doing so It is also an excellent resource for more seasoned researchers who might have had comparable experiences and are keen to reflect on such research journeys It will be an invaluable resource for teaching qualitative research across a wide spectrum of disciplines This book was originally published as a special issue of Contemporary Social Science International Handbook of Research Methods And Statistics (Volume 2) Urfat Anjem Mir, Sonam Joldan, Vinay Kumar, Sonia Saini, The International Handbook of Research in Statistics Education provides a comprehensive global overview of the latest research trends and practices in the teaching and learning of statistics Edited by Dani Ben Zvi Katie Makar and Joan Garfield this handbook brings together leading scholars to explore foundational theories innovative methodologies and emerging challenges in statistics education Covering topics such as statistical reasoning learning trajectories teacher development curriculum design and the role of technology the book serves as a critical resource for researchers educators curriculum developers and policymakers Rich with evidence based insights and international perspectives it offers both theoretical depth and practical applications making it an essential guide for

advancing the field of statistics education
