investigation on Halloween night was supposed to help Genice disprove superstitions and myths. Instead, it brought encounters with ghosts, the death of a dear friend, and the awakening of a side of her she never knew existed. Filled with excitement, peril, and sizzling romance, this is a story that you'll want to read more than once. WHAT SOME READERS ARE SAYING ABOUT THIS STEAMY PARANORMAL ROMANCE: What a completely compelling story! I loved all of the mystical elements brought into the story. This is not your typical romance love story; it's even better. There's action, excitement, drama, intrigue, and of course, a smoldering hot vampire love interest. What an incredible paranormal romance. I hope there are more to this book. I loved, loved, loved this book. This book had everything I wanted in a paranormal romance: insta-love from an alpha vampire trying to protect his mate, drama, some mystery, and lots of paranormal activity. You don't want to miss this book. There is lots of action and paranormal activity in this novel. Throw in some steamy sex scenes, and you have yourself a novel to read while relaxing with a glass of wine. This is the first book I've read by Ellen Sheehan, and I loved it. She has a nice writing style and tells the story well.

New Routes to Library Success: 100+ Ideas from Outside the Stacks Elisabeth Doucett, 2015-04-13. Today's library leaders face a world in which the only constant is change. Seeking out innovative ways to meet the evolving needs of their communities has become a critical part of their responsibilities. In this book, Doucett mines new territory in this ongoing effort by exploring how successful organizations outside the stacks conduct their business. She interviews leaders of advertising, online commerce, fundraising, retailing, crowdsourcing, and other organizations, including Kickstarter, L.L. Bean, Down East Magazine, and Tom's of Maine, among others, learning what they do exceptionally well. From this research, she presents more than 100 examples of game-changing ideas ready for application in libraries. And most importantly, she articulates a simple process that readers can use to pursue the same path of exploration at their own institutions, including the actual questions used during her interviews. An exciting survey of creativity in action, Doucett's book will encourage public library directors, managers, trustees, and staff to cross-pollinate their own expertise with innovative ideas from outside the stacks.
