**Arranging Marriage** Marian Aguiar, 2018-01-02 The first critical analysis of contemporary arranged marriage among South Asians in a global context Arranged marriage is an institution of global fascination an object of curiosity revulsion outrage and even envy Marian Aguiar provides the first sustained analysis of arranged marriage as a transnational cultural phenomenon revealing how its meaning has been

continuously reinvented within the South Asian diaspora of Britain the United States and Canada Aguiar identifies and analyzes representations of arranged marriage in an interdisciplinary set of texts from literary fiction and Bollywood films to digital and print media to contemporary law and policy on forced marriage Aguiar interprets depictions of South Asian arranged marriage to show we are in a moment of conjugal globalization identifying how narratives about arranged marriage bear upon questions of consent agency state power and national belonging Aguiar argues that these discourses illuminate deep divisions in the processes of globalization constructed on a fault line between individualist and collectivist agency and in the process critiques neoliberal celebrations of culture as choice that attempt to bridge that separation Aguiar advocates situating arranged marriage discourses within their social and material contexts so as to see past reductive notions of culture and grasp the global forces mediating increasingly polarized visions of agency

*Arranged Marriage* Swarn Singh Bains, 2014-11-26 The main topic of this book is arranged marriage So it is self explanatory to indicate what this book is about There is quite a bit of doubt and confusion in the west how the people in India get married through arranged marriage system without seeing or knowing the spouse The arranged marriage is a contract of co existence for life signed in the presence of the guardians of faith guardians and guarantors of contract and well wishers We take marriage for granted without knowing the intricacies of married life It is not so To stay married is the highest priority of life It is much higher than signing a contract to get a job and make money and even obeying the faith values because the faith can be achieved through values and love of married life In arranged marriage the necessities of life are taken into consideration not the enjoyment for a few days It is a contract signed in good faith The acceptance of the spouse is the most important factor for the marriage to last forever This factor is drilled into the couple by the elders to realize the requirements of the spouse Realizing and fulfilling those requirements makes the marriage last forever There are some other short stories in the book Most of those stories are true but some are imaginary as well So read it and find out what the writer is trying to convey and justify
