Marrying Up:

Marriage and Marriageability Chigusa Yamaura, 2020-07-15 How do the Japanese men and Chinese women who participate in cross border matchmaking individuals whose only interaction is often just one brief meeting come to see one another as potential marriage partners Motivated by this question Chigusa Yamaura traces the practices of Sino Japanese matchmaking from transnational marriage agencies in Tokyo to branch offices and language schools in China from initial meetings to marriage the visa application processes and beyond to marital life in Japan Engaging issues of colonial history local norms and the very ability to conceive of another or oneself as marriageable *Marriage and Marriageability* rethinks cross border marriage not only as a form of gendered migration but also as a set of practices that constructs marriageable partners and imaginable marriages Yamaura shows that instead of desiring different others these transnational marital relations are based on the tactical deployment of socially and historically created conceptions of proximity between Japan and northeast China Far from seeking to escape local practices participants in these marriages actively seek to avoid transgressing local norms By doing so on a transnational scale they paradoxically reaffirm and attempt to remain within the boundaries of local marital ideologies *Marrying Up* Joanna T. Steichen, 1983 **Who Marries Whom?** Hans-Peter Blossfeld, A. Timm, 2012-12-06 Marriage and social inequality are closely interrelated Marriage is dependent on the structure of marriage markets and marriage patterns have consequences for social inequality This book demonstrates that in most modern societies the educational system has become an increasingly important marriage market particularly for those who are highly qualified Educational expansion in general and the rising educational participation of women in particular unintentionally have increased the rate of assortative meeting and assortative mating across birth cohorts Rising educational homogamy means that social inequality is further enhanced through marriage because better and worse educated single men and women pool their economic and sociocultural advantages and disadvantages within couples In this book we study the changing role of the educational system as a marriage market in modern societies from a cross national comparative perspective Using life history data from a broad range of industrialized countries and longitudinal statistical models we analyze the process of spouse selection in the life courses of single men and women step by step The countries included in this book vary widely in important characteristics such as demographic behavior and institutional characteristics The life course approach explicitly recognizes the dynamic nature of partner decisions the importance of educational roles and institutional circumstances as young men and women move through their life paths and the cumulation of advantages and disadvantages experienced by individuals **Veil and Vow** Aneeka Ayanna Henderson, 2020-01-29 In *Veil and Vow* Aneeka Ayanna Henderson places familiar often politicized questions about the crisis of African American marriage in conversation with a rich cultural archive that includes fiction by Terry McMillan and Sister Souljah music by Anita Baker and films such as *The Best Man* Seeking to move beyond simple assessments of marriage as good or bad for African Americans Henderson

critically examines popular and influential late twentieth and early twenty first century texts alongside legislation such as the 1996 Defense of Marriage Act and the Welfare Reform Act which masked true sources of inequality with crisis laden myths about African American family formation Using an interdisciplinary approach to highlight the influence of law politics and culture on marriage representations and practices Henderson reveals how their kinship veils and unveils the fiction in political policy as well as the complicated political stakes of fictional and cultural texts Providing a new opportunity to grapple with old questions including who can be a citizen a wife and marriageable Veil and Vow makes clear just how deeply marriage still matters in African American culture
