Meredith A Change Of Masks:

Gothic and the Comic Turn A. Horner, S. Zlosnik, 2004-11-30 Although Gothic writing is now seen as significant for an understanding of modernity it is still largely characterized as a literature of fear and anxiety Gothic and the Comic Turn argues that partly through its desire to be taken seriously Gothic criticism has neglected the comic doppelganger that has always inhabited the Gothic mode and which in certain texts emerges as dominant Tracing an historical trajectory from the late Romantic period through to the present day this book examines how varieties of comic parody and appropriation have interrogated the complexities of modern subjectivity **Sisters in Time** Susan Morgan, 1989-08-24 Asking why the 19th century British novel features heroines and how and why it features feminine heroism Susan Morgan traces the relationship between fictional depictions of gender and Victorian ideas of history and progress Morgan approaches gender in selected 19th century British novels as an imaginative category accessible to authors and characters of either sex Arguing that conventional definitions of heroism offer a fixed and history denying perspective on life the book traces a literary tradition that represents social progress as a process of feminization The capacities for flexibility mercy and self doubt conventionally devalued as feminine can make it possible for characters to enter history She shows that Austen and Scott offer revolutionary definitions of feminine heroism and the tradition is elaborated and transformed by Gaskell Eliot Meredith and James partly through one of his last heroines the aging hero of *The Ambassadors* Throughout the study Morgan considers how gender functions both in individual novels and more extensively as a means of tracing larger patterns and interests especially those concerned with the redemptive possibilities of a temporal and historical perspective **Comic Faith** Robert M.

Polhemus, 1982-10 Polhemus sketches several distinctions between nineteenth and twentieth century novelists and concludes that what most characterizes the nineteenth century from the perspective of the twentieth is the tendency in its comic fiction to criticize and to undermine the dogma and institutions of religion and to put faith instead of the existence of the comic perspective Comic Faith is a virtuoso performance of impressive stature I suspect the book will be influential for many years to come John Halperin *Modern Fiction Studies* **World's End** Charlie Gere, 2022-03-29 A memoir and cultural history the World's End a West London area once home to bohemian artists and punk rock and now an outpost of neoliberalism Charlie Gere's account of growing up in the World's End area of West London during the Cold War combines local history cultural history memoir and a strong sense of the apocalyptic Once a rundown part of Chelsea at the wrong end of the King's Road the World's End has long been a place for bohemian writers and artists including Turner Whistler Beckett Bacon and Bacon's muse Henrietta Moraes all of whom evinced an appropriate apocalyptic sensibility After World War II in which the area suffered severe bombing it became a center of the counterculture that emerged from what Jeff Nuttal called Bomb Culture formed by the threat of nuclear annihilation The famous boutique *Granny Takes a Trip* opened there in 1966 joined later on by *Hung On You Puss* *Weber's Flying Dragon Tea Room* and the commune *Gandalf's Garden* The area also featured

trepanning aristocrats and pet lions among other eccentricities In the 1970s the World's End was the center of punk rock Gere's parents arrived as part of a wave of gentrification and Gere born and brought up there witnessed its social and cultural evolution As an adolescent he was traumatized by the prospect of nuclear war He has lived long enough to see the World's End now bearing the marks of out of control neoliberalism and its grotesque accompanying inequality But this too shall pass as worlds end **Meredith: a Change of Masks** Gillian Beer,1970 **Romantic Reassessment** ,1978 The Spectator ,1899 A weekly review of politics literature theology and art The Magazine of Poetry and Literary Review Charles Wells Moulton,1889 **The Magazine of Poetry and Literary Review** ,1889 **The Magazine of Poetry** ,1889 **The Huntington Library Quarterly** Henry E. Huntington Library and Art Gallery,1984 **The English Novel** June Schlueter,1976 This volume one of a series is we believe the most nearly complete bibliography of criticism of the twentieth century British novel yet published Yet in trying to make the volume as definitive as possible we have also had the onerous task of having to keep the volume within manageable limits It is therefore a selective bibliography with citations from 1900 through the end of 1975 Our choices were necessarily arbitrary for reasons of both space and relevance but we believe all in all that we have made an intelligent compilation of secondary criticism of the modern English novel **The Use of English** ,1970 **Victorian Poetry** Laurence W.
