**Staging Indigenous Heritage** Yunci Cai,2020-08-12 Staging Indigenous Heritage examines the cultural politics of four Indigenous cultural villages in Malaysia Demonstrating that such villages are often beset with the politics of brokerage and representation the book shows that this reinforces a culture of dependency on the brokers By critically examining the relationship between Indigenous tourism and development through the establishment of Indigenous cultural villages the book addresses the complexities of adopting the culture for development paradigm as a developmental strategy Demonstrating that the opportunities for self representation and self determination can become entwined with the politics of brokerage and the contradictory dualism of culture it becomes clear that this can both facilitate and compromise their intended outcomes Challenging the simplistic conceptualisation of Indigenous communities as harmonious and unified wholes the book shows how Indigenous cultures are actively forged struggled over and negotiated in contemporary Malaysia Confronting the largely positive rhetoric in current discourses on the benefits of community based cultural projects Staging Indigenous Heritage should be essential reading for academics and students in the fields of museum studies cultural heritage studies Indigenous studies development studies tourism anthropology and geography The book should also be of interest to museum and heritage professionals around the world

**The Seer** Sonia Orin

Lyris,2016-02-16 Everybody Wants Answers No One Wants the Truth The Arunkel empire has stood a thousand years forged by wealth and conquest but now rebellion is stirring on the borders and treachery brews in the palace halls Elsewhere in a remote mountain village a young mother sells the prophesies of her sister Amarta in order to keep them and her infant child from starving It s a dangerous game when such revelations draw suspicion and mistrust as often as they earn coin Yet Amarta s visions are true And often not at all what the seeker wishes to hear Now in a tapestry of loyalty intrigue magic and gold Amarta has become the key to a ruler s ambitions But is she nothing beyond a tool As Amarta comes into her own as a seer she realizes she must do more than predict the future She must create it At the publisher s request this title is sold without DRM Digital Rights Management About The Seer Compelling characters a fully imagined world and a gripping narrative The Seer announces Sonia Lyris as a new and exciting voice in epic fantasy I highly recommend this novel and I look forward to her next David B Coe author of best selling Winds of the Forelands series The Seer is something extremely rare these days a fantasy which is complex complete so intricate that you feel the picture goes on far far beyond the parts of it which are in the book There is a wonderful depth to it and the characters and the setting in which the characters find themselves both horrific and fascinating made it compelling reading The story s separate threads left me wondering how the author could possibly weave them together She did so brilliantly it was masterful and I was very impressed Dave Freer author of the critically acclaimed Dragon s Ring series *The Fabric of Dreams* Katherine Taylor Craig,Mrs. Katherine Taylor Craig,1918

*Economics as Rhetoric* Anne Isla,2024-07-26 Bernard Maris was killed in Paris on January 7 2015 during the terrorist attack against the satirical magazine Charlie Hebdo He remains one of the most original intellectuals of contemporary France but despite being a uniquely original heterodox thinker his international reputation has been compromised by the fact that his writings are inaccessible to non French speakers This book remedies that By providing an overview of Bernard Maris life and intellectual trajectory as well as an English translation of an anthology of his most relevant writings this volume provides the international audience for the first time ever the chance to know and understand the contribution of this major heterodox economist An outstanding and atypical figure in economic thought and a virulent critic of mainstream dominant economics he was also an all round actor and thinker of his time Through rigorous reasoning he questioned the notion of well being which he argued is too often conflated with having more Enslavement by work or the endless destructive accumulation of natural wealth is also inherent to the capitalist system Probably his most original contribution is his epistemological reflection on the very nature of economics and his appraisal of this discipline as a form of rhetoric This book will be of great interest to readers in heterodox economics economic methodology epistemology and French literature and culture more broadly *An Improved Manual of Universal History, from the Creation of the World to the End of the 18th Century* A.
