Merlins Star:

The True History of Merlin the Magician Anne Lawrence-Mathers, 2012-10-15 A medieval historian examines what we really know about the man who was Merlin the Magician and his impact on Britain Merlin has remained an enthralling and curious individual since he was first introduced in the twelfth century in Geoffrey of Monmouth's *Historia Regum Britanniae* But although the Merlin of literature and Arthurian myth is well known his historical figure and his relation to medieval magic are less familiar In this book Anne Lawrence Mathers explores just who he was and what he has meant to Britain The historical Merlin was no rough magician he was a learned figure from the cutting edge of medieval science and adept in astrology cosmology prophecy and natural magic as well as being a seer and a proto alchemist His powers were convincingly real and useful for they helped to add credibility to the long lost history of Britain which first revealed them to a European public Merlin's prophecies reassuringly foretold Britain's path establishing an ancient ancestral line and linking biblical prophecy with more recent times Merlin helped to put British history into world history Lawrence Mathers also explores the meaning of Merlin's magic across the centuries arguing that he embodied ancient Christian and pagan magical traditions recreated for a medieval court and shaped to fit a new moral framework Linking Merlin's reality and power with the culture of the Middle Ages this remarkable book reveals the true impact of the most famous magician of all time The story of how the image of Merlin as political prophet magician and half demon evolved in the Middle Ages is as fascinating as any romance

Merlin's Tour of the Universe Neil deGrasse Tyson, 2024-10-29 Fully revised and updated for the 21st century The 1 New York Times bestselling author of *Astrophysics for People in a Hurry* takes readers on an odyssey into the deepest darkest depth of the universe and back again with his extra terrestrial tour guide Merlin Merlin is a timeless visitor to Earth from the planet Omnicia in the Andromeda galaxy and he has observed first hand many of the major scientific events of Earth's history from the Big Bang to the extinction of the dinosaurs and beyond In Merlin's Tour of the Universe Merlin responds to popular questions asked by adults and children alike about the universe and our place within it All questions are answered with authentic science infused with wit wisdom an occasional rhyme and accompanied by the odd illustration Merlin's friends include the most important scientific figures and explorers of all time including da Vinci Magellan Newton Einstein and Hubble and Merlin's Tour also features playful conversations with these historical luminaries Based on the first book that Tyson ever published in the 1990s and now fully updated and extended for the twenty first century Merlin's Tour of the Universe is a must read for anyone who wants to know more about how the cosmos works

Merlin and the Discovery of Avalon in the New World Graham Phillips, 2005-10-12 The first book to present the true identity of the mythic figure Merlin Uncovers historical evidence that the legend of Merlin was based on the life of a real man Reveals that Avalon Merlin's final resting place was an island in the United States The legendary figure Merlin is known throughout the world as the wizard of Camelot who was counselor to King Arthur and helped that monarch create the Round Table Through the

course of a 20 year investigation Graham Phillips has uncovered evidence that this famous story was based on the life of an actual historical figure the son of a Roman consul who became the last of the Romans to rule Britain in the fifth century A D Furthermore the evidence reveals that he died and was buried in what is now the United States According to legend Merlin ended his life on the mystical island of Avalon A 1500 year old saga tells how Merlin left Britain on a boat bound for a mysterious island to the west The places described in Merlin s voyage Phillips argues would only have been seen by someone who had journeyed to the New World For example the island where boiling fountains bubble from the ground could be the geysers of Iceland and the island with rivers of ice the glaciers of Greenland During his research Phillips discovered that a site believed to be Merlin s grave was found by the first British settlers in North America a secret location said to have been preserved in the works of William Shakespeare and the coded writings of the Freemasons Phillips follows a trail of historical clues that leads ultimately to a mysterious New England tomb Here a final encrypted message not only reveals the whereabouts of Merlin s grave but contains evidence that Merlin s descendants still survive and through a merger with the Spencer family of Princess Diana may once again ascend the British throne *The Merlin Spiral Trilogy* Robert Treskillard,2015-05-05 This complete series ebook bind up contains all three novels in author Robert Treskillard s Merlin Spiral series which follows the Merlin of Arthurian legend who as a maimed teenaged bladesmith must fight against druids working to end Arthur s reign before it has a chance to begin In Merlin s Blade a strange meteorite strikes Merlin s village and only the blinded Merlin has the ability to resist its strange enchantments And unless he can find a way to defeat the dark forces within the stone Merlin s family his friends and all of Britain could fall under its power Merlin s Shadow introduces Merlin s half sister Morgana who is intent on destroying her brother following his attack on the stone Given powers through her druid roots Morgana spies on Merlin at the same time Merlin is fighting to hide the orphaned Arthur from the new High King In the final book Merlin s Nightmare the now grown Merlin has raised Arthur as his own though as the battle for Britain s future intensifies it has come time to tell the boy his true identity But is the impetuous Arthur truly ready to take the throne
