I put the plaster in a bowl and add water It gets lumpy right away The experienced worker knows that in mixing plaster the water is placed in a bowl and the plaster added to it In this text I have not only tested and retested the formulary but I have tried to be specific in mixing directions I am indebted to Mr Randolph Wardell Johnson for furnishing some of the illustrations and to the various furnace manufacturers who have provided engravings of their products I am also indebted to Miss Frances Blackburn who has helped me greatly in the preparation of the manu script About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections
