Metaphor & Reality Philip Ellis Wheelwright, 1962 **Metaphor & Reality. (Second Printing.).** Philip WHEELWRIGHT, 1964 **Metaphor and Reality** Philip Wheelwright, 1968 Metaphor & Reality Philip Ellis Wheelwright, 1987 **Metaphor and Reality** Philip Ellis Wheelwright, 1994 **Metaphor and reality. 2nd pr P.** Wheelwright, 1964 **Metaphor and Persuasion in Strategic Communication** Federica Ferrari, 2018-10-10 This groundbreaking work adopts an alternative metaphor based approach to challenge unpack and redefine our understanding of persuasion and strategic communication and the extents to which they shape political discourse The book s theoretical and methodological grounding in metaphor allows for an alternative perspective on strategic communication but also a robust discussion of both persuasion and other kinds of related discursive processes at work in political communication including narrative identification and ideology The volume integrates case studies from prominent political discourses including those of George W Bush Jr Tony Blair and Barack Obama to highlight the crucial role of persuasion management and sustainability in the public sphere and the ways in which it might inform political action and change in a positive way Broadening our perception of the possibilities of persuasion and strategic communication this dynamic volume is key reading for students and scholars in communication studies political science rhetoric and cognitive linguistics *Strangers and Pilgrims* Douglas R. McGaughey, 2012-01-02 No detailed description available for Strangers and Pilgrims Political Language and Metaphor Terrell Carver, Jernej Pikalo, 2008-03-04 Until a century ago a metaphor was just a mere figure of speech but since the development of discourse analysis a metaphor has become more than merely incidental to the content of the arguments or findings Students and scholars in political studies know the importance of metaphors in electoral and policy related politics coming across metaphors that are knowingly or unknowingly influencing our perception of politics This book is the first to develop new methodological approaches to understand and analyse the use of metaphor in political science and international relations It does this by Combining theory with case studies in order to advance substantive work in politics and international relations that focuses on metaphor Expands the range of empirical case studies that employ this category descriptively and also in explanatory logic Advances research that investigates the role of metaphor in empirical and discourse based methodologies thus building on results from other disciplines notably linguistics and hermeneutic philosophy This innovative study will be of interest to students and researchers of politics international relations and communication studies

Metaphors of Globalization M. Kornprobst, V. Pouliot, N. Shah, R. Zaiotti, 2007-12-14 By revisiting globalization using an analysis of metaphors such as global village and network society this volume sheds new light on overlooked dimensions of global politics redresses outdated conceptualizations and provides a critical analysis of existing approaches to the study of globalization **The World as Metaphor in Robert Musil's The Man Without Qualities** Genese Grill, 2012 The first study to utilize the Klagenfurt Edition of Musil s Nachlass offers a close reading of textual variations emphasizing Musil s

commitment to the artist's role in re-creating the world Robert Musil known to be a scientific and philosophical thinker was committed to aesthetics as a process of experimental creation of an ever-shifting reality Musil wanted above all to be a creative writer and obsessively engaged in almost endless deferral via variations and metaphoric possibilities in his novel project *The Man without Qualities* This lifelong process of writing is embodied in the unfinished novel by a recurring metaphor of self-generating de-centered circle worlds The present study analyzes this structure with reference to Musil's concepts of the utopia of the Other Condition Living and Dead Words Specific and Non-Specific Emotions Word Magic and the Still Life In contrast to most recent studies of Musil it concludes that the extratemporal metaphoric experience of the Other Condition does not fail but rather constitutes the formal and ethical core of Musil's novel The first study to utilize the newly published Klagenfurt Edition of Musil's literary remains a searchable annotated text *The World as Metaphor* offers a close reading of variations and text genesis shedding light not only on Musil's novel but also on larger questions about the modernist artist's role and responsibility in consciously re-creating the world Genese Grill holds a PhD in Germanic Literatures and Languages from the Graduate School and University Center of the City University of New York *Ultimate Reality and Meaning*, 2005 [The Christian Century](#), 1928 **Contemporary Politics** Baruch Menache, 2025-12-13 What makes something truly political and why do societies so easily mistake metaphors for reality *Contemporary Politics* is a groundbreaking exploration of the hidden forces that shape political life Rather than treating politics as a set of institutions ideologies or daily headlines Baruch Menache uncovers the deeper structures that make political experience possible in the first place He reveals how contention metaphor and sociality form the invisible architecture that governs both individuals and nations Drawing on political psychology philosophy and structural analysis Menache guides readers through the layers of political existence how cities become embodied symbols how states become simulations and how public space is quietly domesticated He exposes how political metaphors expand distort or reshape our perception of reality and how individuals internalize political constructs as part of their own emotional and social identity This book is not a commentary on current events It is a structural inquiry into the political itself What allows political life to arise What sustains it across time and culture How does it embed itself into the way people think feel and organize their world With clarity and philosophical depth Menache reveals how political systems function as metaphorical organisms ones that shape consciousness govern behavior and bind societies together in ways often unnoticed For readers of political theory philosophy sociology and political psychology *Contemporary Politics* offers a transformative way to understand the myths metaphors and structures that define our experience of the political world [A Survey of English Literature 1780-1880](#) Oliver Elton, 1920 [Metaphors of Consciousness](#) Ronald S. Valle, Rolf von Eckartsberg, 2012-12-06 As we move into the 1980s there is an increasing awareness that our civilization is going through a profound cultural transformation At the heart of this transformation lies what is often called a paradigm shift a dramatic change in the thoughts perceptions and values which form a particular vision of reality

The paradigm that is now shifting comprises a large number of ideas and values that have dominated our society for several hundred years values that have been associated with various streams of Western culture among them the Scientific Revolution of the seventeenth century The Enlightenment and the Industrial Revolution They include the belief in the scientific method as the only valid approach to knowledge the split between mind and matter the view of nature as a mechanical system the view of life in society as a competitive struggle for survival and the belief in unlimited material progress to be achieved through economic and technological growth All these ideas and values are now found to be severely limited and in need of radical revision

A Metaphor for Reality Orlanda Marsden,2004 A Survey of English Literature, 1780-1830 Oliver Elton,1920 Metaphor, Canon, and Community Ralph Bisschops,James Francis,1999 Every religion interprets its metaphors according to a specific model Such differences tend to be largely determined by dogmatic principles underlying a specific religion This volume contains a selection of the papers originally delivered at the 25th LAUD symposium on Metaphor and Religion It presents the unusual attempt of gathering viewpoints from the three great religions within monotheism Judaism Christianity and Islam and it includes contributions from renowned authors such as Rabbi Lawrence A Hoffman Anna Wierzbicka and Mehmet Aydin The volume covers a wide range of theological subjects from mysticism to pastoral care It also contains case studies illustrating the methodology used by today s scholars of metaphor in the field The volume poses important challenges to mainstream metaphorology It presents a significant range of discoveries instances and new interpretative models The book however not only addresses theorists of metaphor but all students scholars and religious leaders engaged in cross religious studies or ecumenical dialogue
