

Metaphor, Religious Language, and Religious Experience

Victoria S. Harrison

Abstract Is it possible to talk about God without either misrepresentation or failing to assert anything of significance? The article begins by reviewing how, in attempting to answer this question, traditional theories of religious language have failed to sidestep both potential pitfalls adequately. After arguing that recently developed theories of metaphor seem better able to shed light on the nature of religious language, it considers the claim that huge areas of our language and, consequently, of our experience are shaped by metaphors. Finally, it considers some of the more significant implications of this claim for our understanding of both religious language and religious experience.

Keywords Metaphor · Religious language · God · Religious experience

Is it possible to talk about God¹ without either misrepresentation or failing to assert anything of significance? In an attempt to answer this question, I begin by reviewing how traditional theories of religious language have failed to sidestep both potential pitfalls adequately. I then turn to recent developments in the theory of metaphor developments that seem better able to explain how speakers are capable of referring to God successfully without having to misrepresent the divine.

Before proceeding, however, some clarification of the term “religious language” is required. “Religious language,” as employed by religious scholars in the everyday sense, refers to the written and spoken language typically used by religious believers

¹ Rather than exploring the ways in which different conceptions of God might influence thought about religious language, I presuppose a particular view of God—that view which is dominant within Semitic monotheism—and consider religious language as it is employed within the context of belief in that God.

Metaphor And Religious Language

Anders Jeffner

Metaphor And Religious Language:

Metaphor and Religious Language Janet Martin Soskice, 1985 Discusses the role of metaphor in Christian theology

Metaphor and Religious Language Janet Martin Soskice, 2002 **Metaphor and Religious Language** Janet Martin Soskice, 1987 **Metaphorical Theology** Sallie McFague, 1982-01-01 a liberating book about a liberating theological approach Christianity and Crisis Metaphorical Theology is a brilliant piece of writing which will make an important contribution both to new thinking on the nature of religious language and also to the dialogue between Christianity and Feminist Theology Rosemary Radford Ruether Garrett Evangelical Theological Seminary The great virtue of Professor McFague's book is that it tackles some crucial problems in an extremely perceptive and creative way All in all it is a most timely book both for the theological and for the church at large Maurice Wiles Regius Professor of Divinity Christ Church Oxford University *The Kindness of God* Janet Martin Soskice, 2007-12-14 Fathers sons brothers kings Does the predominantly masculine symbolism of the Biblical writings exclude women or overlook the riches of their spiritual life If Christ is the second Adam and the one on whom all Christian life must be patterned then what about Eve This book from a leading scholar of religious language and feminism opens up the Bible's imagery for sex gender and kinship and does so by discussing its place in the central teachings of Christian theology the doctrine of God and spirituality Imago Dei and anthropology Creation Christology and the Cross the Trinity and eschatology *Metaphor and Religion* Jean-Pierre Noppen, 1983 The Translatability of the Religious Dimension in Shakespeare from Page to Stage, from West to East Jenny Wong, 2018-05-29 This interdisciplinary study traverses the disciplines of translation studies hermeneutics theater studies and sociology Under the power turn or political turn in translation studies the omission and untranslatability of religious material are often seen as the product of censorship or self censorship But the theology of each individual translating agent is often neglected as a contributing factor to such untranslatability This book comprehensively traces the hermeneutical process of the translators as readers and the situational process and semiotics of theater translation Together these factors contribute to an image of translated literature that in turn influences the literature's reception While translation theorists influenced by the current sociological turn view social factors as determining translation activities and strategies this volume argues that the translator's or the dramatist's theology and religious values interact with the socio cultural milieu to carve out a unique drama production Often it is the religious values of the translating agents that determine the product rather than social factors Further the translatability of religious discourse should be understood in a broader sense according to the seven dimensions proposed by Ninian Smart rather than merely focusing on untranslatability as a result of semantic and linguistic differences *The Hebrew Bible and Philosophy of Religion* Jaco Gericke, 2012-11-01 This study pioneers the use of philosophy of religion in the study of the Hebrew Bible After identifying the need for a legitimate philosophical approach to Israelite religion the volume traces the history of interdisciplinary relations and shows how descriptive varieties of

philosophy of religion can aid the clarification of the Hebrew Bible's own metaphysical epistemological and moral assumptions. Two new interpretative methodologies are developed and subsequently applied through an introduction to what the biblical texts took for granted about the nature of religious language, the concept of deity, the properties of Yhwh, the existence of gods, religious epistemology, and the relation between religion and morality.

Metaphor and Religious Language, 1996

Religion as Metaphor David Tacey, 2017-09-08 Biblical stories are metaphorical. They may have been accepted as factual hundreds of years ago, but today they cannot be taken literally. Some students in religious schools even recoil from the fairy tales of religion, believing them to be mockeries of their intelligence. David Tacey argues that biblical language should not be read as history and it was never intended as literal description. At best it is metaphorical, but he does not deny these stories have spiritual meaning. Religion as Metaphor argues that despite what tradition tells us, if we believe religious language, we miss religion's spiritual meaning. Tacey argues that religious language was not designed to be historical reporting, but rather to resonate in the soul and direct us toward transcendent realities. Its impact was intended to be closer to poetry than theology. The book uses specific examples to make its case: Jesus, the Virgin Birth, the Kingdom of God, the Apocalypse, Satan, and the Resurrection. Tacey shows that with the aid of contemporary thought and depth psychology, we can re-read religious stories as metaphors of the spirit and the interior life. Moving beyond literal thinking will save religion from itself.

The Study of Religious Language Anders Jeffner, 1972

The Use of Metaphor as a Conceptual Vehicle in Religious Language Janet Claire Martin, 1983

Theology and the Justification of Faith Jacobus Wentzel Van Huyssteen, 1989 This is a print on demand book and is therefore non-returnable. This book deals with the epistemological problems of rationality and of theory construction in theology. Van Huyssteen analyzes the principal models of rationality, examines the conceptual models of Wolfhart Pannenberg and Gerhard Sauter, and finally discusses the metaphoric nature of religious language and develops criteria for the structuring of a critical realist rationality model.

Discerning God's Justice in Church, Society and Academy E. M. Conradie, Christo Lombard, 2009-06-01 Jaap Durand, former professor of Systematic Theology and vice rector of the University of the Western Cape, celebrated his 75th birthday on 5 June 2009. This volume includes a foreword by Desmond Mpilo Tutu, essays by Jaap Furstenberg, Allan Boesak, Russel Botman, Nico Koopman, Bernard Lategan, and Dirkie Smit. In addition, there are 22 shorter reflections from Jaap Durand's friends, colleagues, and former students.

Religious Language as Metaphor [microform] Philip D. (Philip David) Neilsen, 1985

The Bible Through Metaphor and Translation Kurt Feytaerts, 2003 Oxford, Bern, Berlin, Bruxelles, Frankfurt, M. New York, Wien. This volume assembles selected proceedings of a conference held at the University of Leuven in July 1998. It sheds light on the tension between change and preservation in religious language. More specifically, the volume focuses on metaphor and translation as two sources of linguistic semantic change, which both play an important role in the continuous process of interpreting and re-interpreting discourse, i.e. the Bible. Although operating on different grounds with different

intensity and range both processes face the same challenge of finding new historically and contextually appropriate linguistic means to express a complex content With regard to the cultural religious and historical embeddedness of different communities the requirement of linguistic appropriateness inevitably leads to a continuous process of semantic adjustment reinterpretation of earlier versions of a text In dealing with religious language however this process of semantic change which from a linguistic point of view may seem inevitable sometimes faces severe opposition from the religious community itself This very tension between the natural process of semantic change and the strong preserving power relating to the sacred content of religious language renders religious language a unique object of study for linguists theologians exegetes and others

Metaphor and God-talk Lieven Boeve, Kurt Feyaerts, 1999

The Naked Christ Dan Le, 2012-08-22 The cross of Christ is undeniably central to the Christian faith But how can the cruelty and brutality of a two thousand year old Roman cross touch base with a hedonistic world that has been so desensitized towards violence Within the postmodern setting of a body obsessed culture Christianity urgently requires an innovative and stimulating way of understanding the cross and its atoning significance At the heart of this book is the Naked Christ an emblem through which the author draws on the rich resources of the Christian tradition in its portrayal of the cross He explores how the metaphors of nakedness and clothing can encapsulate aspects of atonement and enable them to be understood within a variety of contemporary contexts The Naked Christ is a useful resource for anyone seeking fresh ways to express what the cross of Christ means to contemporary culture

Kierkegaard's Metaphors Jamie Lorentzen, 2001

Keirkegaard's Metaphors offers an explanation of a more accessible way to understand Kierkegaard by analyzing his persistent use of metaphors

New Essays on Religious Language Dallas M. High, 1969

Adopting the Beat of Term: An Mental Symphony within **Metaphor And Religious Language**

In a global eaten by monitors and the ceaseless chatter of quick connection, the melodic splendor and mental symphony created by the written term frequently fade into the back ground, eclipsed by the relentless sound and disturbances that permeate our lives. Nevertheless, situated within the pages of **Metaphor And Religious Language** a stunning literary treasure filled with natural emotions, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, this charming masterpiece conducts readers on an emotional trip, skillfully unraveling the hidden melodies and profound affect resonating within each carefully constructed phrase. Within the depths of the touching examination, we will explore the book is key harmonies, analyze its enthralling publishing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
