## Metaphysical Delusion:

Metaphysical Delusion Fraser Cowley,1991 No Marketing Blurb      **The Paradoxes of Delusion** Louis A. Sass,2018-08-06 Insanity in clinical practice as in the popular imagination is seen as a state of believing things that are not true and perceiving things that do not exist Most schizophrenics however do not act as if they mistake their delusions for reality In a work of uncommon insight and empathy Louis A Sass shatters conventional thinking about insanity by juxtaposing the narratives of delusional schizophrenics with the philosophical writings of Ludwig Wittgenstein      **The "spiritual" Delusion** Dyer Daniel Lum,1873      **A Democratic Theory of Truth** Linda M. G. Zerilli,2025-04-25 A critique of the concept of truth presupposed by the post truth debate and a bold new vision for a more pluralistic citizenry We say that we live in a post truth era because disinformation threatens our confidence in the existence of a shared public world Affirming objective truth may therefore seem necessary to save democracy According to political theorist Linda M G Zerilli such affirmation can stifle political debate and silence dissent In fact Zerilli argues that the unqualified insistence on objective truth is as dangerous for democracy as denying it Drawing on Arendt Foucault and Wittgenstein A Democratic Theory of Truth challenges the concept of truth presupposed by the post truth debate It argues that we the people have an essential role in discovering and evaluating any truth relevant to the political realm The result is a striking defense of plurality dissent and opinion in contemporary democratic societies      *Spiritual Delights and Delusions* Steve Posner,2008-05-23 While spiritual delusions lure us into thinking that enlightenment brings the elimination of all suffering spiritual realism helps us love the world as it is Steve Posner links his personal experiences with spiritual wisdom from all over the world in order to reveal a reliable path toward a more realistic spirituality Charting a course that can be followed by anyone of any faith or even of no particular faith this book is a guide for imperfect people who seek enlightenment in an imperfect world
