Amazon.com offers everything from books and gadgets to tennis rackets and precious stone adornments and works locales in the United Kingdom, Germany, France, Japan, Canada, and China and keeps up more than 25 satisfaction bases on the world. About Amazon This paper examines the marketing strategies adopted by Amazon in the course of doing business online

Information Trapping Tara

Calishain, 2006-12-07 How many times have you run a Google search that resulted in thousands of results? With over 8 billion pages online and more posted every day, the Web more than likely contains the information you're looking for if only you could find it. In *Information Trapping: Real Time Research on the Web*, Internet search engine expert Tara Calishain makes researching more efficient and rewarding for anyone for whom the Web is an indispensable tool: academics, journalists, scientists, and professionals as well as bloggers, genealogists, and hobbyists. She does so by teaching the latest techniques for building automated information gathering systems. As an alternative to the typical one-time search for information, Tara demonstrates how readers can use RSS feeds, page monitoring tools, and other software to set up information streams of many different data types from text to multimedia to conversations for capture and review
