## **A MISSIONARY LOOKS AT 12 STEPS TO OVERCOME**

**ADDICTION AND SIN** Richard Lehman, 2023-02-28 A Christian based 12 step process helps us to overcome addiction by attaching to the faithful love of the Savior enabling healthy relationships with other people And so a missionary Richard Lehman looks at the 12 step process and prayerfully applies the wisdom of the scriptures to it And in doing so he has also found this process helpful in providing insights into how to work with different individuals to bring them to Christ Richard spends much time training hundreds of other ministers And in addition to helping those addicted this 12 step process has become a key resource for training gospel workers who help those that are addicted Experience has proved that everyone wrestles with deep hurts of some kind There is a deep empty hole in the heart of the soul and it must be filled somehow How we fill that hole or comfort ourselves within that empty space will determine what sin we become addicted to It is sin someone else's or ours that ultimately first creates a void in the heart of the individual Unfaithfulness is the sin of betrayal Someone trusted another with their heart and then that same person broke their heart It happens to children in their relationship with their parents or relatives or trusted others It happens often within many marriage relationships And it happens within everyone's life at some point by how their own sin betrays the faithful love of the Savior And so people go through life hiding the pain of betrayal Instead of seeking for healing through a loving Savior they resort to other things And in doing so they become addicted to some substance some sin or both And they often don't know where to start to find a way out This book seeks to help them not only start down the right path but to also find complete healing through the love of our Lord Jesus Christ So throughout this 12 step process you will see that the book is addressed to two audiences at the same time Those who need help over addictions and those that are trying to help them And there is an important reason for this Because people who need help to overcome addictions need to completely trust those that are working with them And so if you are using this process to help them these people also want transparency and understanding as to what they are being asked to do and why There can be no hidden agendas in helping people Jesus came so that relationships can be healed He

also sent the comforter of the Holy Spirit so that every pain that sinful mankind could bring against us could still be comforted and healed in this life If ye love me keep my commandments And I will pray the Father and he shall give you another Comforter that he may abide with you for ever Even the Spirit of truth whom the world cannot receive because it seeth him not neither knoweth him but ye know him for he dwelleth with you and shall be in you I will not leave you

comfortless I will come to you John 14 15 18     **Overcoming: A Story of Addiction** Ralph Cole, John was a seemingly and naively ordinary guy without a care in the world but when he ended up in addiction his life and his dignity moved into a downward spiral Living a destroyed life that threatens his future in the years to come he ended up in rehabilitation isolated from society and the rest of the world however a powerful answer awaits him that will change his life and restore his future with purpose What is that answer that will lead him to a restored life that will bring about greater purpose and be known as an inspiration to those who are completely lost As we take this powerful journey of hope know how his downfall led to a great restoration

**Saved from Addiction** Chad T. Young,2016-10-18 This is a true story of a man who struggled for 17 years with alcohol and drug addiction as well as basic life management skills Read how he journeyed from church as a young child to turning to use of alcohol and drugs The addiction progressed and soon came jail overdoses and a lot of emotional pain At his lowest point he started to believe suicide was his only answer out of the prison he had placed himself into On the night he decided to end it all he began to think about eternity and talk to God Read along as he moves through the path of skepticism and doubt to a life committed to Jesus and trusting the Bible as God's Word to teach him how to live Today he works with men helping them to overcome addictions and other life controlling issues through a relationship with Jesus Christ If you or someone you know is struggling on this journey then this story can help them understand more about the difficult battles and shows how one person came through it VICTORIOUS *Coming Clean* Robert Granfield,William Cloud,1999-11-01 Explodes the myth of the disease model of addiction Certain to ruffle the feathers of the multi billion dollar treatment industry Peter Adler University of Denver Despite the widely accepted view that formal treatment and twelve step groups are essential for overcoming dependencies on alcohol and drugs each year large numbers of former addicts quietly recover on their own without any formal treatment or participation in self help groups at all Coming Clean explores the untold stories of untreated addicts who have recovered from a lifestyle of excessive and compulsive substance use without professional assistance Based on 46 in depth interviews with formerly addicted individuals this controversial volume examines their reasons for avoiding treatment the strategies they employed to break away from their dependencies the circumstances that facilitated untreated recovery and the implications of recovery without treatment for treatment

professionals as well as for prevention and drug policy. Because of the pervasive belief that addiction is a disease requiring formal intervention few training programs for physicians social workers psychologists and other health professionals explore the phenomenon of natural recovery from addiction. Coming Clean offers insights for treatment professionals of how recovery without treatment can work and how candidates for this approach can be identified. A detailed appendix outlines specific strategies which will be of interest to addicted individuals themselves who wish to attempt the process of recovery without treatment. Relying on the actual words and experiences of recovering drug addicts Granfield and Cloud convincingly challenge conventional wisdom concerning how people can recover from their addictions. A must read for even the most confident advocate of professional treatment. Sanford Schwartz Virginia Commonwealth University

### **Overcoming**

**Addictions** Anthony Ekanem, 2016-08-08 When you are suffering from an addiction it can feel like your entire life is out of control and you have no power to stop yourself from using again and again. When you are addicted to something it can also feel like you're completely alone and have nowhere to turn. These are all common mindsets for someone who has an addiction to any substance whether that is food cigarettes or other tobacco products alcohol prescription or illegal drugs and even sex. But neither are you alone in your addiction nor do you have to be a slave to addiction for the rest of your life. That's exactly why this book exists. It is very easy to feel like you are the only one who is experiencing your particular addiction or the level of addiction you're experiencing but the truth is there are millions of others who experience exactly the same things that you do. That's because addiction affects more than 10% of the United States population. That means if you were to get on a typical city bus there are probably two or three people on that bus besides you that are suffering from some kind of addiction. Don't fool yourself either having a food addiction or being unable to quit drinking alcohol is the same as an addiction to a drug or any other substance. Addiction is addiction no matter what the substance.
