The Oxford Book of Sea Stories Tony Tanner,1994 Twenty seven short stories Authors Hemingway Kipling Masefield E M Forster Jack London and Herman Melville

**The Oxford Book of the Sea** Jonathan Raban,1992 Inveterate sailor and bestselling author of Hunting Mister Heartbreak Jonathan Raban has compiled a remarkable anthology of our changing visions of the sea a rich treasury of writings as varied and enthralling as the ocean itself Arranged chronologically and spanning everything from Anglo Saxon poetry to modern oceanography

**The Oxford Handbook of the Law of the Sea** Donald R. Rothwell,Alex G. Oude Elferink,Karen N. Scott,Tim Stephens,2015-03-26 Human activities have taken place in the world s oceans and seas for most of human history With such a vast number of ways in which the oceans can be used for trade exploited for natural resources and fishing as well as concerns over maritime security the legal systems regulating the rights and responsibilities of nations in their use of the world s oceans have long been a crucial part of international law The United Nations Convention on the Law of the Sea comprehensively defined the parameters of the law of the sea in 1982 and since the Convention was concluded it has seen considerable development This Oxford Handbook provides a comprehensive and original analysis of its current debates and controversies both theoretical and practical Written by over forty expert and interdisciplinary contributors the Handbook sets out how the law of the sea has developed and the challenges it is currently facing The Handbook consists of forty chapters divided into six parts First it explains the origins and evolution of the law of the sea with a particular focus upon the role of key publicists such as Hugo Grotius and John Selden the gradual development of state practice and the creation of the 1982 UN Convention It then reviews the components which comprise the maritime domain assessing their definition assertion and recognition It also analyses the ways in which coastal states or the international community can assert control over areas of the sea and the management and regulation of each of the maritime zones This includes investigating the development of the mechanisms for maritime boundary delimitation and the decisions of the International Tribunal for the Law of the Sea The Handbook also discusses the actors and intuitions that impact on the law of the sea considering their particular rights and interests in particular those of state actors and the principle law of the sea institutions Then it focuses on operational issues investigating longstanding matters of resource management and the integrated oceans framework This includes a discussion and assessment of the broad and increasingly influential integrated oceans management governance framework that interacts with the traditional law of the sea It considers six distinctive regions that have been pivotal to the development of the law of the sea before finally providing a detailed analysis of the critical contemporary issues facing the law of the sea These include threatened species climate change bioprospecting and piracy The Handbook will be an invaluable and thought provoking resource for scholars students and practitioners of the law of the sea

**The Interception of Vessels on the High Seas** Efthymios Papastavridis,2014-08-28 The principal aim of this book is to address the international legal questions arising from the right of visit on the high seas in the twenty first century

This right is considered the most significant exception to the fundamental principle of the freedom of the high seas the freedom in peacetime to remain free of interference by ships of another flag It is this freedom that has been challenged by a recent significant increase in interceptions to counter the threats of international terrorism and WMD proliferation or to suppress transnational organised crime at sea particularly the trafficking of narcotics and smuggling of migrants The author questions whether the principle of non interference has been so significantly curtailed as to have lost its relevance in the contemporary legal order of the oceans The book begins with an historical and theoretical examination of the framework underlying interception This historical survey informs the remainder of the work which then looks at the legal framework of the right of visit contemporary challenges to the traditional right interference on the high seas for the maintenance of international peace and security interferences to maintain the bon usage of the oceans navigation and fishing piracy jurisdiction and current counter piracy operations off the coast of Somalia the problems posed by illegal unregulated and unreported fishing interdiction operations to counter drug and people trafficking and recent interception operations in the Mediterranean Sea organised by FRONTEX *The Oxford Companion to Ships & the Sea* Peter Kemp,1976 In this addition the Companion includes surveys of marine designers engineers and inventors language and lore the developments and principles of shipbuilding navigation diving yachting technical terms and many other aspects of the sea world *The Geology of Glenelg, Lochalsh and South-east Part of Skye* Benjamin Nieve Peach,1910 *The Navy List* ,1939 *The Encyclopaedia Britannica* ,1911 *The Cumulative Book Index* ,1907 A world list of books in the English language **The navy list** Great Britain.
