Trauma Healing Readers Choice:

A Trauma Theory Reading of the Book of Job Michelle Keener, 2025-06-12 Michelle Keener incorporates advances in modern trauma theory in the interpretation of the book of Job. Keener focuses primarily on using the framework of a psychological trauma narrative to read the text, providing new insights into how Job functions as a text that deals with trauma. After an extensive introduction to the history and fundamentals of trauma theory, Keener actively applies a trauma theory reading to the book of Job, with special attention paid to the elements of a therapeutic trauma narrative, its role in the cognitive resolution of trauma, and how this is reflected in the biblical text. This approach provides alternative answers to some of the suggested redactions, reconstruction, and inconsistencies identified in the text of Job by previous scholars. Keener also draws in the Wesleyan Quadrilateral as a means of reading the texts and examines how her conclusions may be useful in applied community contexts.

8 Keys to Safe Trauma Recovery Babette Rothschild, 2010-03-01 Safe and effective principles and strategies for recovery from trauma. Trauma recovery is tricky; however, there are several key principles that can help make the process safe and effective. This book gives self-help readers, therapy clients, and therapists alike the skills to understand and implement eight keys to successful trauma healing: mindful identification of what is helpful, recognizing survival, having the option to not remember, creating a supportive inner dialogue, forgiving, not being able to stop the trauma, understanding and sharing shame, finding your own recovery pace, mobilizing your body, and helping others. This is not another book promoting a new method or type of treatment; rather, it is a necessary adjunct to self-help and professional recovery programs. After reading this book, readers will be able to recognize their own individual needs and evaluate whether those needs are being met. They will have the tools necessary to put themselves in the driver's seat, navigating their own safe road to recovery.
