

# Work from Home: Cyber Security Tips

## LEARN ABOUT YOUR COMPANY'S WORK FROM HOME POLICIES

Before you start working from home, make sure that you're familiar with your company's guidelines for cybersecurity at home.

## INVEST IN A DEDICATED DEVICE FOR WORK

Get a separate laptop, tablet, or even a smartphone. This will help to keep your personal data separate from your work data, which will make it easier to protect both.

## SECURE YOUR WI-FI NETWORK

Use a strong password. Use WPA/WPA2 security. Enable MAC filtering. The last thing you want is for someone to be able to access your work data or devices.

## BEWARE OF PHISHING ATTACKS

To protect yourself from phishing attacks, you should never click on links or open attachments from unknown sources.

## LOCK AND ENABLE TRACKING ON YOUR WORK DEVICES

It's important to lock your work devices when you're not using them. This will help to prevent anyone from accessing your data if your device is lost or stolen.

## REGULARLY BACK UP IMPORTANT DATA

In the event that your work device is lost or stolen, or if it becomes infected with malware, you'll want to have a backup of your important data.

## USE AN AUTHENTICATOR APP

Authenticator apps generate one-time codes that you can use to log in, even if someone has your password.

## KEEP YOUR SOFTWARE AND OPERATING SYSTEM UP TO DATE

Vulnerabilities in software and operating systems made public, might let hackers exploit them to gain access to devices and data.

### We recommend: The top cybersecurity tip for work from home — use a VPN

A VPN encrypts your internet traffic and make it appear as if you're browsing from a different location. You can bypass censorship and access geo-blocked content, and protect your online identity.

# Cybersecurity Tips

**Ben Chan**

## Cybersecurity Tips:

*Cyber Security Hints for Seniors* Michael W Karlowicz,2024-03-12 In today's digital age cyber security has become an essential aspect of our lives especially for senior citizens As more and more older adults embrace technology and the internet it is crucial to understand the importance of cyber security to protect ourselves online This ebook aims to provide senior citizens with valuable insights into various aspects of cyber security and raise awareness about potential risks they may encounter

**Online Security and Safety** Christean Reed,2019-04-17 Simple tips to help you protect your online identity and reduce the risk of Identity theft Online Security and Safety is an easy to use guide to help you take steps today to secure your online world If you are a techie this book may not be for you I intentionally avoided technical jargon and focused on

explaining the risks and immediate steps that can be taken to reduce those risks
