R. Ellis,Emma Payne,2025-07-02 Ancient Plaster Casting Light on a Forgotten Sculptural Material offers a fresh exploration of plaster in the sculpture of the ancient Mediterranean and beyond Challenging the traditional focus on marble and bronze this volume reveals the crucial role of plaster both in the sculptor s workshop and as a medium for finished sculpture Combining academic insights with contemporary artists perspectives the book also delves into the controversial topic of life casting in antiquity and provides groundbreaking new interpretations of well known plaster objects such as those from the Roman city of Baiae near Naples With chapters extending the chronological and geographical scope to early modern Europe and contemporary art school contexts the book illuminates plaster s versatility and the continuity of its use across millennia By rehabilitating this material often overlooked or lost to the archaeological record the volume offers a transformative view of ancient sculpture appealing to both scholars and art enthusiasts alike **Chroma: Sculpture in Color from Antiquity to Today** Seán Hemingway,Vinzenz Brinkmann,Mark B. Abbe,2025-06-30 Many ancient and early modern works that are viewed in monochrome today were once painted in vibrant colors Lost to time until recently the pigments and other surface

treatments that originally adorned these objects offer a deeper appreciation of the cultures from which they originate This handsome volume features new research by more than thirty international experts in polychromy including art historians conservators scientists and photographers Identified through advanced technologies scientific analyses and in depth research their discoveries of surviving traces of color span the globe and vary in material including an Archaic Greek marble sphinx an ancient Phoenician cloisonn furniture plaque Mexica Aztec lime stone sculptures and medieval and Renaissance European marbles and bronzes This wide ranging publication explores how these works further our understanding of ancient ideas around skin color race and gender summarizes recent advances in the field and considers polychromy s controversial rediscovery and modern reception highlighting the role of reconstructions such as 3D printed replicas and virtual animations in contemporary museum practice as well as the resurgence of polychromy techniques in postmodern and contemporary European architecture
