Through Cracks in the Wall Lúcia Helena Costigan, 2010-01-26 Recent comparative interdisciplinary scholarship has underscored the Inquisition's function in the imperial and colonial Iberian world particularly in relation to the development of modernity. This book illustrates and enhances these debates on the Inquisition's relationship to imperialism, colonialism, and modernity through specific case studies of New Christians who became the target of the Inquisition. Drawing on research in the archives of the Spanish and the Portuguese Inquisition in different parts of the Iberian Atlantic World, it analyzes literary writings and inquisitorial testimonies produced by individuals of Jewish heritage who lived in the Iberian Atlantic world during the sixteenth, seventeenth, and eighteenth centuries and brings to light the direct and mediated discourse produced by New Christians, revealing the still veiled contributions of an important but understudied ethnic and social group. The New

Inquisitions Arthur Versluis, 2006-07-27 The only book of its kind, *The New Inquisitions* is an exhilarating investigation into the intellectual origins of totalitarianism. Arthur Versluis unveils the connections between heretic hunting in early and medieval Christianity and the emergence of totalitarianism in the twentieth century. He shows how secular political thinkers in the nineteenth century inaugurated a tradition of defending the Inquisition and how Inquisition-style heretic hunting later manifested across the spectrum of twentieth-century totalitarianism. An exceptionally wide-ranging work, *The New Inquisitions* begins with early Christianity and traces heretic hunting as a phenomenon through the middle ages and right into the twentieth century, showing how the same inquisitorial modes of thought recur both on the political Left and on the political Right. *The Modern Inquisition* Curator for Ancient Near East Paul Collins, Paul Collins, 2004-06-29 The Modern Inquisition is the powerful and revealing story of how the Congregation for the Doctrine of the Faith, one aspect of the inner workings of the Vatican, perpetrates its assault on intellectual freedom.
