Lupke,2007-12-25

This book brings together fresh research from experts on contemporary Chinese poetry built upon one of the most glorious poetic traditions of any civilization in the world yet historically neglected by scholars in English This comprehensive volume offers readable and provocative treatments of many of the most important Chinese poets of our age **A Selective Guide to Chinese Literature, 1900-1949** Nils Göran David Malmqvist,European Science Foundation,1988 **The Bloomsbury Handbook of Modern Chinese Literature in Translation** Cosima Bruno,Lucas Klein,Chris Song,2023-10-19 Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack

Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation    *An Introduction to Chinese Poetry* Michael Fuller,2020-10-26 This innovative textbook for learning classical Chinese poetry moves beyond the traditional anthology of poems translated into English and instead brings readers including those with no knowledge of Chinese as close as possible to the texture of the poems in their original language The first two chapters introduce the features of classical Chinese that are important for poetry and then survey the formal and rhetorical conventions of classical poetry The core chapters present the major poets and poems of the Chinese poetic tradition from earliest times to the lyrics of the Song Dynasty 960-1279 Each chapter begins with an overview of the historical context for the poetry of a particular period and provides a brief biography for each poet Each of the poems appears in the original Chinese with a word by word translation followed by Michael A Fuller's unadorned translation and a more polished version by modern translators A question based study guide highlights the important issues in reading and understanding each particular text Designed for classroom use and for self study the textbook's goal is to help the reader appreciate both the distinctive voices of the major writers in the Chinese poetic tradition and the grand contours of the development of that tradition    *Modern Chinese Literature* ,1998    *Introduction to the Study of the Chinese Characters* Joseph Edkins,1876
