Murray,2004    **The Meaning of Existence** ,1947    [The Meaning of Existence](#) John F. Griffin,2017-01-14 I was asked what the meaning of life was so I set out to take the chance and share my thoughts on it I hope you find it stimulating    **The Meaning of Human Existence** Leslie Paul,1950 In the middle of the Twentieth Century it is hard to remember a time when the mind and spirit of man were untroubled by doubt of himself and of the relation to the universe around him Two world wars a series of gigantic social upheavals and an increasing mechanized civilization have gone far to destroy that faith in himself which is the very foundation of the Christian ethic The result has been the growth of materialistic philosophies which deny that faith explicitly while leaving the soul of man tortured and barren Amid the confusion and torment of contemporary thought Leslie Paul raises a banner of hope In The Meaning of Human Existence he has written a book from the viewpoint of the practising Christian which argues the Christian case in terms acceptable to minds trained to the scientific scepticism of the age He does this only after subjecting the opposition s case to the closest intellectual scrutiny The result is a magnificent vindication of the dignity of man The three parts of the book deal respectively with the physical world with human nature and with Christian revelation The teaching of such figures as St Augustine Kant and Kierkegaard in philosophy Freud and Krafft Ebing in psychology and such scientists as Darwin Huxley and Einstein is illuminated by the author s fresh mind and lively style in a way which makes the contributions of each readily understandable The Meaning of Human Existence is thus an exceptionally clear and stimulating guide through the complex patterns of modern thought Publisher    [Two Meanings of Existence](#) David Dale Roy Welker,1962    **The Meaning of Existence** Paul Weiss,    [The Meaning of the Terms](#) Alvin B 1894 Thalheimer,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant    [The Meaning of Existence and the Existence of God](#) ,    [The Meaning of the Terms 'existence' and 'reality' \[microform\]](#) Alvin 1894-1965 Thalheimer,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars

**Meaning and Existence in Mathematics** Charles Castonguay,1872 **Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 5: Khayyami Theology** Mohammad H. Tamdgidi,2022-05-01 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a twelve book series of which this book is the fifth volume subtitled Khayyami Theology The Epistemological Structures of the Robaiyat in All the Philosophical Writings of Omar Khayyam Leading to His Last Keepsake Treatise Each book independently readable can be best understood as a part of the whole series In Book 5 to understand the theological epistemology or way of knowing God framing Khayyam s Robaiyat as spread out in all his philosophical works Tamdgidi further offers the texts and his updated Persian and new English translations and analyses of six primary writings that preceded Khayyam s last keepsake treatise on the universals of existence 1 Khayyam s annotated Persian translation of Avicenna s sermon in Arabic on God and creation 2 Khayyam s treatise in Arabic addressed to Nasawi wrongly regarded as an Avicenna pupil on the created world and worship duty 3 5 Khayyam s three treatises in Arabic all addressed to Abu Taher to whom Khayyam also dedicated his treatise on algebra that are separate chapters of a three part treatise on existence on topics ranging from the necessity of contradiction determinism survival attributes of existents and the light of intellect on existent as the subject matter of universal science

and 6 Khayyam's treatise in Arabic addressed to Moshkavi a supportive Shia intellectual in response to three questions on soul's survival on the necessity of accidents and on the nature of time. The most fruitful way of understanding Khayyam's six texts is by regarding them as efforts made at defending his succession order thesis implicitly revealed when commenting on Avicenna's sermon and finalized in his last keepsake treatise. The texts served to offer the theological epistemology behind Khayyam's thesis revealing his creative conceptualist view of existence that informed his poetic way of going about knowing God creation and himself within a unitary Islamic creationist evolutionary worldview. Khayyam's way of knowing God and existence is non dualistic non atomistic and unitary in worldview allowing for subject included objectivity probabilistic determinism transcontinuous or discontinuous creative causality transdisciplinarity and transculturalism it thus fulfills in a prescient way all the eight attributes of the quantum vision. Poetry is most conducive to unitary knowing and subject included objectivity must necessarily be self reflective and thus engage intellective emotional and sensible modes of knowing. This explains why Khayyam transcended scholastic learning in favor of a poetic encounter with reality. What he meant by Drunkenness calling it the highest state of mind known to him can thus be best understood as a unitary quantum state of mind achieved by way of his poetry as a meditative art of self purification. The goal metaphorically is to move from a way of knowing things as divisible grapes to a pure and unitary way of knowing them as indivisible Wine paralleling what we call today moving from chunky Newtonian toward unitary quantum visions of reality. The key for entering Khayyam's secret tent is realizing that what he primarily meant by Wine in his Robaiyat was self referentially his Robaiyat itself a key openly hidden therein thanks to his theological epistemology. For him the Robaiyat was a lifelong work on himself serving also human spiritual awakening to its place and duty in the succession order of God's creation. It also served his aspiration for a lasting soul. He knew the now proven worth of his secret magnum opus and that is why he so much praised his Wine About OKCIR i Published to Date in the Series ii About this Book iv About the Author viii Notes on Transliteration xvii Acknowledgments xix Preface to Book 5 Recap from Prior Books of the Series 1 Introduction to Book 5 Exploring the Theological Epistemology of the Robaiyat in Omar Khayyam's Philosophical Treatises 7 CHAPTER I Omar Khayyam's Annotated Persian Translation of Avicenna's Splendid Sermon in Arabic on God's Unity and Creation The Manuscript with a New English Translation Followed by Comparative Textual Analysis 17 CHAPTER II Omar Khayyam's Treatise on the Created World and Worship Duty The Arabic Manuscript with Updated Persian and New English Translations Followed by Textual Analysis 85 CHAPTER III Part 1 of Omar Khayyam's Treatise on Existence Addressed to Abu Taher Regarding the Necessity of Contradiction Determinism and Survival The Arabic Manuscript and Updated Persian and New English Translations Followed by Textual Analysis 175 CHAPTER IV Part 2 of Omar Khayyam's Treatise on Existence Addressed to Abu Taher Regarding Attributes The Arabic Manuscript and Updated Persian and New English Translations Followed by Textual Analysis 237 CHAPTER V Part 3 of Omar Khayyam's Treatise on Existence Addressed to Abu Taher Regarding the Light of Intellect on Existence as the Subject Matter
