*International Investing* Douglas R. Casey, 1981      Wealth Habits Candy

Valentino, 2022-11-21 You don't have to be educated or connected to be wealthy. How do wealthy people do it? Are they geniuses? Lucky. We tend to think something special must be going on because it looks like magic. But nothing could be further from the truth. Wealthy people have simply adopted six key yet ordinary habits and they do them extraordinarily well. Candy Valentino opened her first brick and mortar store at 19, no college, no connections, no money, and built it into a seven-figure business before most of her friends graduated college. Over two decades of success as a serial entrepreneur and real estate investor, she has labored relentlessly to crack the code of the super wealthy and in doing so has unearthed six simple habits that directly contribute to those who become part of the self-made millionaire class. In *Wealth Habits*, Valentino reveals all six habits and shows you how you can put them to work for you: Long-term investing strategies, How to recession-proof your business, Ways to keep money out of the IRS hands, What to teach your children about money, How to establish financial protection and security, The secrets to keep more of the money you make so you can invest more. Think and get rich will only get you so far. It's time to do and become wealthy and set yourself up for a lifetime of true financial freedom. *Invest Like a Couch Potato* Scott Burns, 2026-03-10 Written with a light touch, *Invest Like A Couch Potato* will guide you to financial security and personal freedom. It begins with a simple proven investment strategy. It will liberate your time and free you from unnecessary worry. It will put you on the road to financial independence and keep you there. Unlike many financial books, *Invest Like a Couch Potato* is grounded in our shared human needs and wants. The book explains the basic tools for accumulating wealth. It will help free your mind from the pervasive influence of misleading media. Not to mention the overpromising of financial salespeople. Written by Scott Burns, one of the most prolific and insightful personal finance writers in the country, this book doesn't try to make you the richest person in the world. It enables you to recapture the ultimate currency: your time. It lights your path to the bliss of having Enough. Supported by hard data, additional resources through Scott's website, and tools like the Couch Potato portfolio cookbook, the book explores A Winning but Simple Investment Strategy. Nearly free ETFs provide low-cost compound growth and long-term returns superior to 80 to 90 percent or more of managed alternatives over long time periods. If you can fog a mirror and divide by the number 2, or make a margarita, he'll show you how to get better investment results and a better retirement with little or no effort. Results and Rewards His Pudding Report shows the meat: actual retirement cash balances, Not percentage returns. Other reports show the accumulation differences between high and low-cost management while accumulating. The benefits of simple, low-cost investing continue when retired. Money porn He reveals the seductive and misleading habits of financial media. The Big Kahuna He shows how shelter, borrowing time, and health are critical pieces of our lifetime puzzle. *Invest Like a Couch Potato* is the perfect guide for readers seeking to take control of their financial destiny. It provides a simple investment strategy that will build a strong, independent mindset. *Investments International* Cornell University, Graduate School of Business and Public Administration, 1959 **The Demise of the Dollar... and Why It's Great For Your Investments** Addison
