The activities found in the book are grouped according to the various core competencies associated with Emotional Intelligence: Self Awareness and Control (an awareness of one's values, emotions, skills, and drives and the ability to control one's emotional responses); Empathy (an understanding of how others perceive situations); Social Expertness (the ability to build relationships based on an assumption of human equality); Mastery of Vision (the development and communication of a personal philosophy). The book also includes suggested training combinations and coaching tips.
