**Charity** Samuel Clarke,1706 Christian Love Daniel Wise,1850 The Priority of Love Timothy P. Jackson,2021-06-08 This book explores the relation between agape or Christian charity and social justice Timothy Jackson defines agape as the central virtue in Christian ethical thought and action and applies his insights to three concrete issues political violence

forgiveness and abortion Taking his primary cue from the New Testament while drawing extensively from contemporary theology and philosophy Jackson identifies three features of Christian charity unconditional commitment to the good of others equal regard for others well being and passionate service open to self sacrifice for the sake of others Charity prescribed by Jesus for his disciples and named by Saint Paul as the greatest theological virtue is contrasted with various accounts of justice Jackson argues that agape is not trumped by justice or other goods Rather agape precedes justice without the work of love society would not produce persons capable of merit demerit and contract the elements of most modern conceptions of justice Jackson then considers the implications of his ideas for several questions the nature of God the relation between Christian love and political violence the place of forgiveness and the morality of abortion Arguing that agapic love is to be construed as a gift of grace as well as a divine commandment Jackson concludes that love is the eternal life that makes temporal existence possible and thus the first Christian virtue Though foremost a contribution to Christian ethics Jackson s arguments and the issues he takes up will find a broader readership [When Our Love Is Charity](#) Chiara Lubich, 1972-01-01

Malloy, 2019-10-29 Christopher J Malloy s *Aquinas on Beatific Charity and the Problem of Love* examines the relationship between the desire for happiness and the love of another chiefly the love of God for His own sake Great thinkers judge the matters connected with this problem differently Aristotle and others contend that the desire for happiness grounds ethical activity Others contend that a pure love of God or of the other is not founded on desire for happiness The former charge the latter with leaving love groundless and the latter charge the former with reducing love to egoism Aquinas s appreciation of the Aristotelian tradition is forefront in his classic treatment of human action which begins with the desire for happiness Accordingly many readers proponents and critics read Aquinas as simply eudaimonistic There are however other principles at work in his thought these suggest a simple but profound difficulty in his thought one reflective of the subtlety of real life Are the two sets of principles contradictory Juxtaposed Considering beatific charity as the ultimate lens for this problem Malloy proposes that Aquinas s texts and principles are hierarchically harmonious while developmentally complex They indicate that love of happiness has a foundational role in human action and that love of God for His own sake has priority in the order of finality This ordered balance depends upon a conception of the common good in accord with a metaphysics of participation as having existence and formal perfection from and in likeness to the One Who Is created

persons incline to love God more than and more intensely than themselves Thus love of the Divine Other while indeed the supreme love especially as deified through charity does not demand disinterested love God truly is man's good His true lover longs to be with Him **Charity and Its Fruits, Or, Christian Love As Manifested in the Heart and Life** Jonathan Edwards, Don Kistler, 2005-09 In this collection of sermons on 1 Corinthians 13 Jonathan Edwards shows that Christians are called to exemplify the great virtue of charity through their thoughts and actions Edwards shows the nature and virtue of love as the distinguishing mark of a true Christian love which manifests itself in preferring others before self **Love Disconsoled** Timothy P. Jackson, 1999-11-25 Few concepts are more central to ethics than love but none is more subject to false consolation This 1999 book explores several theological philosophical and literary accounts of love focusing on how it relates to matters such as self interest and self sacrifice and invulnerability and immortality Timothy Jackson first considers key aspects of what the Bible says about love then he further examines the meaning of love and sacrifice through a close reading of novels by Fitzgerald and Hemingway Lastly he evaluates how love constrains and is constrained by other traditional moral concepts Throughout Jackson defends the moral priority of what the Christian tradition calls agape He argues that a proper understanding of agapic love rejects both moral relativism and the comfort of believing that good people cannot be harmed or that God causally necessitates every historical action and event When love is thus disconsoled it neither fears death nor despises life **All These Bright Ideas: 63 poems about love, charity and phone upgrades** Blinco Roeper, Introducing 63 radical poems from Blinco Roeper Nothing is out of bounds from the mundane phone upgrades physical media to the personal temptations of a new lover orgasms to the bigger picture of life Poetry for modern times

Dennis James Woods,2018-08-24 **On Love and Charity** Saint Thomas Aquinas,2008-07 Among the great works of Thomas Aquinas the Commentary on the Sentences of Peter Lombard has suffered almost total neglect among translators Such neglect is surprising considering that the massive Commentary more than 4 000 pages in the last printed edition is not only Aquinas s first systematic engagement with all the philosophical and theological topics on which he expended his energy over the span of a short career but is also characterized by an exuberance and elaborateness seldom found in his subsequent writings Although Chenu had already drawn attention decades ago to the importance of studying this youthful tour de force for a fuller understanding of Thomas s more mature work the Commentary on the Sentences has remained a closed book for many modern students of Thomistic and medieval thought because of its relative inaccessibility in English or in Latin The present volume containing all the major texts on love and charity makes available what is by far the most extensive translation ever to be made from the Commentary with the added benefit that the better part of the translation is based on the as yet unpublished critical edition of the Leonine Commission The collection of texts from all four books has a tight thematic coherence that makes it invaluable to students of Thomas s moral philosophy moral theology and philosophical theology In addition the inclusion of parallel texts from Aquinas s first Parisian Commentary as well as from his second Roman attempt at a commentary the recently rediscovered Lectura Romana makes this edition all the more valuable for those who wish to track the internal development of Thomas s thinking on these matters The new availability of so many rich passages from the Commentary on the Sentences will encourage and facilitate use of a magnificent resource that deserves to be better known The printed volume is supplemented by a web based document containing a fuller introduction webnotes and a bibliography To reach this supplementary information click here **ABOUT THE TRANSLATORS** Peter A Kwasniewski is associate professor of philosophy and theology at Wyoming Catholic College and editor of Wisdom s Apprentice Thomistic Essays in Honor of Lawrence Dewan O P Thomas Bolin O S B is a monk at the Monastero di San Benedetto in Norcia Italy Joseph Bolin is adjunct professor of philosophy at the International Theological Institute in Gaming Austria and adjunct instructor of Latin for the Austrian Program of the Franciscan University of Steubenville **PRAISE FOR THE BOOK** The present volume contains by far the most extensive English translation from the Scriptum to date The translators of **On Love**

and Charity have aimed to give a translation which is neither too literal nor too liberal trying to find the golden mean between an unintelligibly Latinised or an enjoyable but unfaithful English version This impressive volume will be of a great help for those wishing to study Aquinas and the issue of love in more depth B Toth Ephemerides Theologicae Lovanienses
