Lamb,2014-02-21 The Dying Romantic is a collection of poetic longings that allude to the discovery of the soul and self in the physical and emotional world As a result of fearing vulnerability romantics often appear to be a dying race Replaced with the man that would rather purchase the smile on your face and keys to your heart than pay attention listen and appreciate the

blessing of getting to know you This collection will help remind you how beautiful and spectacular you have always been while igniting the fervent passion and understanding that you can be better while helping others do the same Immense love is invested in this creation fueled by the understanding that what you share with this world is what it keeps of you While reading the words within these pages internalize the words of another that have served as my inspiration along the way Where you invest your love you invest your life Marcus Mumford

How Do You Handle Change, Perception, and Attitude? P. J. James-Douglass, 2022-11-03 Life throws each of us curves and there are times these curves can damage us for life Some curves stem out of our childhood siblings and so called friends There are so much envy jealousy and hatred among those who smile in our faces day to day There comes a time when we have to say enough is enough no more feeling sorry for ourselves no more regrets no more comparison with others and no more allowing people taking charge over us We must not let our past rule us We must not let rejection hinder us from trusting loving and forgiving We must show kindness compassion and love and we must open our hearts to receive kindness compassion and love Why continue to go through life in denial putting up a mask over our hearts and minds We must see ourselves as special unique appreciated and loving Let the queen and king in you shine Allow yourself to love and be loved Always put an effort to be the best version of yourself first to yourself and let that flow out to others These writings are not just for encouragement to you they are also for reflection of how you can start renewing your mind and opening your heart to the real you Just because you failed before doesn't mean you must stop trying Change is inevitable in life Some people handle change in a positive manner and some do not In order to have change in a positive manner we first have to change our thinking We must be willing and teachable and adapt to be big and better When we choose to fight change we are not willing to see the big picture for something better Change for some takes time to equate their thinking actions and perception When we are set in our ways we tend to be stubborn and suspicious of authority of people and new ideas Change sometimes makes people feel like it is an attack on their ability or performance They are unable to adapt to constructive criticism which is not the case in the majority of the time When there is a new administration there will be changes with new ideas on the operation duties and opportunities When there is a new person in our lives we tend to immediately think that they have hidden motives rather than accept that they bring a positive change that we have not seen before The wrong perception can hinder us from seeing the positive change that they bring to our lives Adapting to change is up to you Ask yourself aEURoeWhat do you want What do you want to accomplish aEURoe These are questions only you can answer Be honest with your answer and then put your all into adapting to making your life better If there are areas in your life you need to change start making those changes The question are aEURoeHow do you handle change aEURoe Do you handle it with anticipation for a new beginning or with dread What perception are you bringing forth What attitude are you displaying
