**The Moving Toyshop** ,1946    The Moving Toyshop Edmund Crispin,1960    The Moving Toyshop (A Gervase Fen Mystery) Edmund Crispin,2015-06-04 As inventive as Agatha Christie as hilarious as P G Wodehouse discover the delightful detective stories of Edmund Crispin Crime fiction at its quirkiest and best    The Moving Toyshop Edmund Crispin,2014

**The Moving Toyshop** Edmund Crispin,1965    **Making Moving Toys and Automata** Robert Race,2018-10-23 This beautiful book draws on Robert Race's extensive collection of traditional moving toys looking at the ways the makers have achieved remarkable and varied results often with very limited resources Each chapter begins by looking at the mechanisms and materials used in some of these traditional moving toys goes on to consider possible variations and describes how to make a related moving toy It continues from this basis to develop a design for an automaton The book shows that designing and making these simple but wonderfully satisfying mechanical devices is fun and that good results can be achieved in many different ways using a variety of materials tools and equipment such as wood and wire card and paper bamboo string tin plate and feathers    Moving Toyshop Edmund Crispin,1988-09-01 Named by P D James as one of the best five mysteries of all time Richard Cadogan is at loose ends in Oxford very late at night Charmed by the window display of an old fashioned toyshop he is worried to find the door unlocked surely the owner should be alerted And so Cadogan slips into the darkened store and up the narrow stairway to the apartment above But rather than a snoring toyman he finds a very dead old lady the marks of murder still livid on her neck But when Cadogan returns with the coppers the toyshop has disappeared This it seems is a matter for Gervase Fen    **The Moving Toyshop** Robert Bruce Montgomery,1981    **Bruce**

**Montgomery/Edmund Crispin: A Life in Music and Books** David Whittle,2017-07-05 Under his real name Bruce Montgomery 1921 1978 wrote concert music and the scores for almost 50 feature films including some of the most enduring British comedies of the twentieth century amongst them a number in the series started by Doctor in the House and the first six Carry On films Under the pseudonym of Edmund Crispin he enjoyed equal success as an author writing nine highly acclaimed detective novels and a number of short crime stories as well as compiling anthologies of science fiction which helped to increase the profile of the genre A close friend of both Philip Larkin and Kingsley Amis Montgomery did much to encourage their work In this first biography of Montgomery David Whittle draws on interviews with people who knew the writer and composer These interviews together with in depth research provide great insight into the development of Montgomery as a crime fiction writer and as a composer in the ever demanding world of films During the late 1950s and early 60s these demands were to prove too much for Montgomery Alcoholism combined with the onset of osteoporosis and a retreat into a semi reclusive lifestyle resulted in him writing and composing virtually nothing during the last 15 years of his life David Whittle examines the reasons for Montgomery's early and rapid decline in this thoroughly researched and engagingly written biography    **Comic Crime** Earl F. Bargainnier,1987 The actual world of crime is not a subject for

laughter but rather for anger or tears The world of fiction however is a different matter Most crime fiction is much nearer the comic than the tragic In the oldest sense of the term comedy that no matter the difficulties misunderstandings or even deaths the evil are thwarted and the good rewarded crime fiction is essentially comic The following eleven original essays cover a wide range in time authors forms of fiction and types of comedy I hope readers will be both informed and entertained by this excursion into British and American humor and homicide comedy and crime
