continued deterioration of Venezuela present the biggest challenges On the external front the sharp drop in net capital inflows to the region since early 2018 and the monetary policy normalization in the United States stand among the greatest perils Furthermore the recent increase in poverty in Brazil because of the recession points to the large effects that the business cycle may have on poverty The core of this report argues that social indicators that are very sensitive to the business cycle may yield a highly misleading picture of permanent social gains in the region Elements of Natural Philosophy William Thomson Kelvin,1879 Wait's Practice at Law William Wait,1913 *Elements of Natural Philosophy* Lord Kelvin, LL.D., D.C.L., F.R.S. and Peter Guthrie Tait, M.A.,1912 **Metallurgical & Chemical Engineering** Eugene Franz Roeber,Howard Coon Parmelee,1912 Scientific Canadian Mechanics' Magazine and Patent Office Record Canada.
