Fortunately you can work on several skills at a time There will be plenty of opportunities every day that you can apply your
new emotional intelligence tools to and many of these opportunities allow you to practice more than one skill Others are
more situational and it could take even longer before you have the opportunity to really work on them For example practicing
cultural social awareness is going to be based on how often you are exposed to other cultures If you are feeling overwhelmed
or think that it is downright impossible break it down into a step by step plan for yourself Rather than focus on the overall
goal and the big picture try setting smaller goals for yourself The best way to set a goal is to write down your overall goal for
