Multiculturalism In Libraries:

Multiculturalism in Libraries Rosemary R. Dumont, Lois J. Buttlar, William A. Caynon, 1994-07-21 The United States is increasingly faced with the challenge of absorbing new immigrant groups and creating a tolerance for a plurality of cultures. This article suggests that public libraries can help to facilitate the integration of these new citizens and their families into the larger society.

This work argues that as plurality grows libraries need to be truly representative of the pluralistic population. **Diversity and Multiculturalism in Libraries** Katherine Hoover Hill 1994 **Managing Multiculturalism and Diversity in the Library**

Beyond Article 19 Julie Biando Edwards, Stephan P. Edwards, 2010 *Beyond Article 19 Libraries and Social and Cultural Rights* addresses the subject of libraries and cultural rights a topic that has received relatively little attention in the past but which librarians and others concerned with human rights are beginning to recognize and talk about. Librarians have long been concerned with individual rights and have worked tirelessly indeed making it a basic tenet of the profession to protect and preserve those rights. Little has been written about the role that libraries can play in protecting and promoting group rights specifically cultural rights. This book examines this shortfall by exploring the relationship between libraries cultural rights and community life and identity.

Chapters cover strategic planning, recruiting and retaining minorities, reaching out to new users, marketing to underrepresented populations, building collections for marginalized groups, overcoming the digital divide, assessment and other important topics. The contributors provide numerous forms and documents including library diversity plans, residency and intern job descriptions, recruitment materials, programming plans and documents, and web resources. With guidance drawn from real experience in public and academic libraries, this unique guide will help to make diversity a reality in libraries.
