The Experimental Self Patricia G. Berman, Tom Gunning, MaryClaire Pappas, 2020 I have an old camera with which I have taken countless pictures of myself often with amazing results Edvard Munch states in a 1930 interview Some day when I am old and I have nothing better to do than write my autobiography all my photographic self portraits will see the light of day again The autobiography was never realized but the self portraits have found their way to the pages of this book which demonstrates the fundamentally experimental nature of Munch s photographic practices **Munch Og Fotografi** Arne Eggum, 1989 Explains how the Norwegian painter used photographs as studies for his paintings and discusses the influence of photography on his work *Munch and Photography* Edvard Munch (Maler, Graphiker, Norwegen), 1989

**Strindberg Studies 1870-2005: Autobiographies, novels, poetry, letters, historical works, natural history and science, linguistics, painting and the other arts, politics, psychopathology, biography, miscellaneous, dissertations** Michael Robinson, 2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known. These include his prose fiction and poetry, his work as an historian and natural historian and his relationship to the other arts, most notably his painting. It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material, all of this in several languages. Organised generically and by subject and individual work, the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods. It is thus very much a study in reception as well as a bibliographical record of published material. It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity. The bibliography is published in three parts: Volume 1 General Studies 978 0 947623 81 4 and Volume 2 The Plays 978 0 947623 82 1 are also now available.
