Ziolkowski, 2018-08-29 This ambitious and vivid study in six volumes explores the journey of a single electrifying story from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt he is saved when the statue delighted by his skill miraculously comes to life Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth century Paris before its translation into English in Britain and the United States The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today Volume 3 The American Middle Ages hinges upon two figures influenced by the juggler Henry Adams scion of Presidents and distinguished cultural historian whose works contributed to the rise of medievalism in America during the Gilded Age and Ralph Adams Cram the architect whose vision of Gothic accounts directly or indirectly for the campuses of West Point Princeton Yale Chicago Notre Dame and many other universities across America The Juggler of Notre Dame and the Medievalizing of Modernity is a rich case study for the reception of the Middle Ages in modernity Spanning centuries and continents the medieval period is understood through the lens of its post modern reception in Europe and America Profound connections between the verbal and the visual are illustrated by a rich trove of images including book illustrations stained glass postage stamps architecture and Christmas cards Presented with great clarity and simplicity Ziolkowski's work is accessible to the general reader while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies medievalism philology literary history art history folklore performance studies and reception studies *Real Photo Postcard Guide* Robert Bogdan, Todd Weseloh, 2006-09-21 The Real Photo Postcard Guide is an informative comprehensive and practical treatment of this wildly popular American phenomenon that dominated the United States photographic market during the first third of the twentieth century Robert Bogdan and Todd Weseloh draw on extensive research and observation to address all aspects of the photo postcard from its history origin and cultural significance to practical matters like dating purchasing condition and preservation Illustrated with over 350 exceptional photo postcards taken from archives and private collections across the country the scope of the Real Photo Postcard Guide spans technical considerations of production characteristics of superior images collecting categories and methods of research for dating photo postcards and investigating their photographers In a broader sense the authors show how real photo postcards document the social history of America From family outings and workplace awards to lynchings and natural disasters every image captures a moment of American cultural history from the

Pugliese, 2018-12-11 This book is addressed to lovers of paradoxes and we have done our utmost to assemble a stellar cast of Neapolitan and American scholars intellectuals and artists writers who are strong and open minded enough to wrestle with and illuminate the paradoxes through which Naples presents itself Naples is a mysterious metropolis Difficult to understand it is an enigma to outsiders and also to the Neapolitans themselves Its very impenetrableness is what makes it so deliriously and irresistibly attractive The essays attempt to give some hints to the answer of the enigma without parsing it into neat scholastic formulas In doing this the book will be an important means of opening Naples to students scholars and members of the community at large who are engaged in identity work A primary goal has been to establish a dialogue with leading Neapolitan intellectuals and artists and ultimately ensure that the deliriously Neapolitan dance continues **Lincoln Postcard Catalog** James L. Lowe, 1973 **Adirondack Photographers, 1850-1950** Sally E.
