impresario father attempted suicide But she never lost the fear of an impending catastrophe which is what led her to ask for things no woman had ever asked for before to ignore the rules of misogynistic culture to outcompete her most ferocious competitors and to protect her complicated marriages and love life from scrutiny Page breaks news on every front from the daring things Walters did to become the woman who reinvented the TV interview to the secrets she kept until her death This is the stunning Norah O'Donnell brilliantly written Andrea Mitchell account of the woman who knew she had to break all the rules so she could break all the rules about what viewers deserved to know Documents of the Assembly of the State of New York New York (State).
