Unity of Good ; Christian Healing ; The People's Idea of God Mary Baker Eddy,1919 **Letters to Doubting Thomas C.** Stephen Layman,2006-10-16 When people encounter an argument for or against God's existence it often raises more questions than it answers In *Letters to Doubting Thomas C* Stephen Layman offers a fresh insightful approach to the issue of God's existence a way to organize what can seem like a blizzard of claims and concepts bringing clarity to a debate often mired in confusion Layman explores the evidence for the existence of God in a series of fictionalized letters between two characters Zachary a philosopher and Thomas an old college friend who appeals to Zach for help in sorting out his thoughts about God As their correspondence grows Zachary leads Thomas through an informal and highly readable comparison of Naturalism the belief that there is no God and that ultimate reality is physical reality and Theism the idea that there is an almighty perfectly good God In engaging letters that break down complex philosophical arguments into easily digestible bits the two friends delve into such weighty topics as the reliability of religious experience various arguments for God's existence such as the cosmological design and moral arguments the question of free will and the problem of evil A piece at a time they build an argument that shows that Theism on balance provides a better explanation of the world and human life than does Naturalism Here then is a highly accessible account of the major arguments for and against the existence of God capturing some of the best new insights of modern philosophy in a marvelously clear and engaging format **Pascal's Wager** Paul Bartha, Lawrence Pasternack,2018-10-18 Presents a comprehensive examination of Pascal's Wager its underlying theology philosophical influence and role in contemporary decision theory Awakening Philosophy Robert Elliott Allinson,2022-08-30 In this original book Robert Elliott Allinson asserts that philosophers have been lulled into a dogmatic sleep by Immanuel Kant the slayer of metaphysics who has convinced them and the rest of humanity that we can never know Reality Allinson awakens global philosophers from their sceptical slumbers by diagnosing the reason why they have abdicated their traditional calling as leaders of inquiry into truth and wisdom **The GREAT and Good** Great,1904
