Ontology Identity And Modality

Michael Jubien

Ontology Identity And Modality:

Ontology, Identity, and Modality Peter van Inwagen, 2001-03-22 This book gathers together thirteen of Peter van Inwagen's essays on metaphysics several of which have acquired the status of modern classics in their field. They range widely across such topics as Quine's philosophy of quantification, the ontology of fiction, the part-whole relation, the theory of temporal parts, and human knowledge of modal truths. In addition, van Inwagen considers the question as to whether the psychological continuity theory of personal identity is compatible with materialism and defends the thesis that possible states of affairs are abstract objects in opposition to David Lewis's extreme modal realism. A specially written introduction completes the collection which will be an invaluable resource for anyone interested in metaphysics.

Existence Peter van Inwagen, 2014-04-10 The problem of the nature of being was central to ancient and medieval philosophy and continues to be relevant today. In this collection of thirteen recent essays, Peter van Inwagen applies the techniques of analytical philosophy to a wide variety of problems in ontology and meta-ontology. Topics discussed include the nature of being, the meaning of the existential quantifier, ontological commitment, recent attacks on metaphysics and ontology, the concept of ontological structure, fictional entities, mereological sums, and the ontology of mental states. Van Inwagen adopts a generally Quinean position in meta-ontology yet reaches ontological conclusions very different from Quine's. The volume includes two previously unpublished essays, one of which is an introductory essay where van Inwagen explains his conception of the relation between the language of the ordinary business of life and that of the ontology room. The volume will be an important collection for students and scholars of metaphysics.

Identity and Modality Fraser MacBride, 2006-07-20 The papers in this volume address fundamental and interrelated philosophical issues concerning modality and identity issues that have not only been pivotal to the development of analytic philosophy in the twentieth century but remain a key focus of metaphysical debate in the twenty-first. How are we to understand the concepts of necessity and possibility? Is chance a basic ingredient of reality? How are we to make sense of claims about personal identity? Do numbers require distinctive identity criteria? Does the capacity to identify an object presuppose an ability to bring it under a sortal concept? Rather than presenting a single partisan perspective, *Identity and Modality* enriches our understanding of identity and modality by bringing together papers written by leading researchers working in metaphysics, the philosophy of mind, the philosophy of science, and the philosophy of mathematics. The resulting variety of perspectives correspondingly reflects both the breadth and depth of contemporary theorizing about identity and modality, each paper addressing a particular issue and advancing our knowledge of the area. This volume will provide essential reading for graduate students in the subject and professional philosophers.

Ontology, Modality and the Fallacy of Reference Michael Jubien, 1993-08-27 This is a book about the concept of a physical thing and about how the names of things relate to the things they name. It questions the prevalent view that names refer to or denote the things they name. Instead, it presents a new theory of proper names according to which names express certain special

properties that the things they name exhibit This theory leads to some important conclusions about whether things have any of their properties as a matter of necessity This will be an important book for philosophers in metaphysics and the philosophy of language though it will also interest linguists concerned with the semantics of natural language [The Metaphysics of Identity](#) André Gallois,2016-06-23 The philosophical problem of identity and the related problem of change go back to the ancient Greek philosophers and fascinated later figures including Leibniz Locke and Hume Heraclitus argued that one could not swim in the same river twice because new waters were ever flowing in When is a river not the same river If one removes one plank at a time when is a ship no longer a ship What is the basic nature of identity and persistence In this book Andr Gallois introduces and assesses the philosophical puzzles posed by things persisting through time Beginning with essential historical background to the problem he explores the following key topics and debates mereology and identity including arguments from Leibniz s Law the constitution view of identity the relative identity argument concerning identity temporary identity four dimensionalism counterpart and multiple counterpart theory supervenience the problem of temporary intrinsics the necessity of identity Indeterminate identity presentism criteria of identity conventionalism about identity Including chapter summaries annotated further reading and a glossary this book is essential reading for anyone seeking a clear and informative introduction to and assessment of the metaphysics of identity

[**Modal Translation: The Relevance of Worlds**](#) Paul Hanmer,2023-06-06 This book concerns the philosophical analysis of modal sentences David Lewis Modal Translation Scheme translates sentences of quantified modal logic into sentences of predicate logic supplemented by counterpart theory A number of theoretical advantages are thereby secured One component of the translation scheme makes reference to non actual but possible worlds i e the primitive predicate at a world s w The author addresses the problem of advanced modal sentences which threaten this predicate and so the ability of genuine realism to secure the aforementioned theoretical benefits The problem of advanced modal sentences is a relatively new field of philosophical research This ground breaking book will primarily be of interest to researchers in modality particularly those working in this field

[**Ontology, Modality, and Mind**](#) Alexander Carruth,Sophie Gibb,John Heil,2018-10-04 This book explores a range of traditional and contemporary metaphysical themes that figure in the writings of E J Lowe whose powerful and influential work was still developing at the time of his death in 2015 During his forty year career he established himself as one of the world s leading philosophers publishing eleven single authored books and well over two hundred essays His scholarship was strikingly broad ranging from early modern philosophy to the interpretation of quantum mechanics His most important and sustained contributions were to philosophy of mind philosophical logic and above all metaphysics E J Lowe was committed to a systematic realist and scientifically informed neo Aristotelean approach to philosophy This volume presents a set of new essays by philosophers who share this commitment addressing interrelated themes of his work In particular these papers focus upon three closely connected topics central not only to Lowe s work but to contemporary metaphysics and philosophy

of mind in general ontology and categories of being essence and modality and the metaphysics of mental causation

Quantifiers, Quantifiers, and Quantifiers: Themes in Logic, Metaphysics, and Language Alessandro Torza, 2015-07-23 This volume covers a wide range of topics that fall under the philosophy of quantifiers a philosophy that spans across multiple areas such as logic metaphysics epistemology and even the history of philosophy It discusses the import of quantifier variance in the model theory of mathematics It advances an argument for the uniqueness of quantifier meaning in terms of Evert Beth s notion of implicit definition and clarifies the oldest explicit formulation of quantifier variance the one proposed by Rudolf Carnap The volume further examines what it means that a quantifier can have multiple meanings and addresses how existential vagueness can induce vagueness in our modal notions Finally the book explores the role played by quantifiers with respect to various kinds of semantic paradoxes the logicality issue ontological commitment and the behavior of quantifiers in intensional contexts *The Fragmentation of Being* Kris McDaniel, 2017 The Fragmentation of Being offers answers to some of the most fundamental questions in ontology There are many kinds of beings but are there also many kinds of being The world contains a variety of objects each of which let us provisionally assume exists but do some objects exist in different ways Do some objects enjoy more being or existence than other objects Are there different ways in which one object might enjoy more being than another Most contemporary metaphysicians would answer no to each of these questions So widespread is this consensus that the questions this book addressed are rarely even raised let alone explicitly answered But Kris McDaniel carefully examines a wide range of reasons for answering each of these questions with a yes In doing so he connects these questions with many important metaphysical topics including substance and accident time and persistence the nature of ontological categories possibility and necessity presence and absence persons and value ground and consequence and essence and accident In addition to discussing contemporary problems and theories McDaniel also discusses the ontological views of many important figures in the history of philosophy including Aquinas Aristotle Descartes Heidegger Husserl Kant Leibniz Meinong and many more **What Is Reality?** Ross Inman, 2024-10-08 In this introduction to metaphysics Ross Inman introduces us to the tradition of metaphysics in Western philosophy what it means to do metaphysics as a Christian and considers timeless and universal inquiries into central topics of metaphysics identity necessity and possibility properties universals substances and parts and wholes *God Over All* William Lane Craig, 2016-10-20 God Over All Divine Aseity and the Challenge of Platonism is a defense of God s aseity and unique status as the Creator of all things apart from Himself in the face of the challenge posed by mathematical Platonism After providing the biblical theological and philosophical basis for the traditional doctrine of divine aseity William Lane Craig explains the challenge presented to that doctrine by the Indispensability Argument for Platonism which postulates the existence of uncreated abstract objects Craig provides detailed examination of a wide range of responses to that argument both realist and anti realist with a view toward assessing the most promising options for the theist A synoptic work in

analytic philosophy of religion this groundbreaking volume engages discussions in philosophy of mathematics philosophy of language metaphysics and metaontology **Armchair Knowledge and Modal Skepticism** Felipe Edwin Leon,2009

Arguing about Metaphysics Michael Cannon Rea,2009 Scholars including David Lewis Peer van Inwagen A N Prior Alvin Plantinga have contributed over 40 essays to this introduction to metaphysics aimed at undergraduates coming to philosophy for the first time

Ontology Identity And Modality Introduction

In todays digital age, the availability of Ontology Identity And Modality books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Ontology Identity And Modality books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Ontology Identity And Modality books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Ontology Identity And Modality versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Ontology Identity And Modality books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Ontology Identity And Modality books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Ontology Identity And Modality books and manuals is Open Library. Open Library is an initiative of the

Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Ontology Identity And Modality books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Ontology Identity And Modality books and manuals for download and embark on your journey of knowledge?

FAQs About Ontology Identity And Modality Books

What is a Ontology Identity And Modality PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Ontology Identity And Modality PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Ontology Identity And Modality PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Ontology Identity And Modality PDF to another file format?**

There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Ontology Identity And Modality PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for

instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
