Inspiration and inspiration for the could be would be writer **Skeletons in the Closet** Jan E. Trost,2011-01-17
Skeletons in the Closet consists of ten essays about unresolved or unresolvable family conflicts The contributors start from the assumption that families whether legal marriage families common law marriage families single parent families multiple generation families same sex partnerships or adoptive families are cradles of intense emotion That intensity they argue may translate into conflict competition domination abuse exploitation or even hate This book explores those areas most likely to grip family members in unresolved interpersonal strife as well as the strategies people use to solve the issues and the shame and isolation that conflict brings in societies that normatively expect family life to be one of joy mutual sharing and caring
