Blitzkrieg to Desert Storm Robert Michael Citino, 2004 When Germany launched its blitzkrieg invasion of France in 1940 it forever changed the way the world waged war Although the Wehrmacht ultimately succumbed to superior Allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively Robert Citino analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level Offering detailed operational analyses of actual campaigns Citino describes how UN forces in Korea enjoyed technological and air superiority but found the enemy unbeatable provides analyses of Israeli operational victories in successive wars until the Arab states finally grasped the realities of operational level warfare in 1973 and tells how the Vietnam debacle continued to shape U.S. doctrine in surprising ways Looking beyond major power conflicts he also reveals the lessons of India's blitzkrieg like drive into

Pakistan in 1971 and of the senseless bloodletting of the Iran Iraq War Citino especially considers the evolution of U S doctrine and assesses the success of Desert Storm in dismantling an entrenched defending force with virtually no friendly casualties He also provides one of the first scholarly analyses of Operation Iraqi Freedom showing that its plan was curiously divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior Throughout Citino points to the importance of mobility especially mobilized armor in modern operational warfare and assesses the respective roles of firepower training doctrine and command and control mechanisms Brimming with new insights Citino s study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare Blitzkrieg to Desert Storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era **A Review of the Scientific Literature as it Pertains to Gulf War Illnesses: Pyridostigmine bromide** Beatrice Alexandra Golomb,1998 This literature review one of eight commissioned by the Special Assistant to the Deputy Secretary of Defense for Gulf War Illnesses summarizes the existing scientific literature on the health effects of pyridostigmine bromide that may have affected service members who served in Operations Desert Shield and Desert Storm The eight RAND reviews are intended to complement efforts by the Defense Department and other federal agencies in their attempt to understand the full range of health implications of service in that conflict p v of Preface **The Mother of All Battles** Kevin M. Woods,2008 Events in this story of the Mother of All Battles as Saddam designated the 1991 war are drawn from primary Iraqi sources including government documents video and audiotapes maps and photographs captured by U S forces in 2003 from the regime s archives and never intended for outsiders eyes The book is part of an official U S Joint Forces Command research project to examine contemporary warfare from the point of view of the adversary s archives and senior leader interviews Its purpose is to stimulate thoughtful analyses of currently accepted lessons of the first Gulf War While not a comprehensive history the author s balanced Iraqi perspective of events between 1990 and 1991 takes full advantage of his unique access to material The result is a completely unknown but fully documented view from the other side **The Cold War and Beyond** Frederick J. Shaw,A. Timothy Warnock,1997 Air Force 50th Anniversary Commemorative Edition Commemorates the golden anniversary of the establishment of the United States Air Force as an independent service Presents a chronology of the events which shaped the Air force during the Cold War from 1947 to 1997 **A Global Chronology of Conflict [6 volumes]** Spencer C.
