

# HEALING TRAUMA

[www.lisaaromano.com](http://www.lisaaromano.com)

When you experience abuse you are forced to separate from your inner world. When the inner world is too scary, the mind will find ways to deny, avoid and compartmentalize traumatic experiences.

As we heal, we learn to:

Look within.

Search for our light.

Listen for our light.

Hear our light.

Feel our light.

Embrace our light.

Return to our light.

Anchor to our light.

Merge with our light.

Love our light.

Walk with our light.

We learn to accept the darkness within is there but it is not because we are ill or defective.

Trauma is what happened to us.

Darkness, pain and sadness are the effects.

We are not the cause.

Compassion for what happened to us helps us heal what the mind has tried to protect us from.

**Absolute Guide To Healing Trauma For Beginners And Novices** Mary Ryan,2021-08-07 Trauma is a distressing event or experience that involves a person's ability to cope and function. It can result in mental health problems and physical harm. Many will experience it and from the unexpected death, falls, natural disasters, and accidents. However, not all people will develop trauma-related stress disorder (PTSD) after a traumatic event. Although someone might not develop PTSD, they may still experience PTSD-like symptoms immediately after a traumatic event. Many of them may feel common reactions to trauma, such as
