Global Trends in Computer Technology and Their Impact on Export Control National Research Council (U.S.). Committee to Study International Developments in Computer Science and Technology, Seymour E. Goodman, 1988. This report consists of individual assessments focusing on the supply of computer technology and how it is evolving in the United States, and the Coordinating Committee for Multilateral Export Control (CoCom) countries. It also provides an overview of the Soviet computing industry, the status of major computing technologies there, and an assessment of the impact of Mikhail Gorbachev's reforms on the future of Soviet computing and the trends in the Council for Mutual Economic Assistance (CMEA) countries. The report examines how transfer of computer technologies can be controlled for national security purposes without retarding innovation and commercial development in the field, and concludes with recommendations for the Department of State and other parties to administer a more flexible control regime.

Recent Trends in Shared Services Dirk Klimkeit, Chien Chien Lo, 2025-09-05. Anthology from the year 2025 in the subject Business economics, Business Management, Corporate Governance. Baden-Wuerttemberg Cooperative State University DHBW, BWL Dienstleistungsmanagement, language English, abstract. Many multinational enterprises use shared service centers (SSCs) that centralize large parts of internal service functions. Developments such as digitalization, robotic process automation, and the advent of generative AI, the COVID-19 pandemic, changes in society, and the labor force, evolving capabilities, and expectations of shared services have all contributed to significant changes in shared service strategies and operating models, service offerings, and operations. Drawing on insights from a study in Malaysia, this volume contains insights on recent trends in shared services and Global Business Services (GBS) organizations in the areas of service delivery and operating model, the future of work, managing the workforce, optimizing process performance, automation, digitalization, and AI.
