## Market Wizards:

The New Market Wizards Jack D. Schwager, 1992 Praise for THE NEW MARKET WIZARDS Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent. Richard Dennis President The Dennis Trading Group Inc. Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age. Ed Seykota Very interesting indeed. John Train author of The Money Masters Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself. Robert R. Prechter Jr. editor The Elliott Wave Theorist THE NEW MARKET WIZARDS Some traders distinguish themselves from the herd. These supertraders make millions of dollars sometimes in hours and consistently outperform their peers. As he did in his acclaimed national bestseller Market Wizards, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In The New Market Wizards these wildly successful traders relate the financial strategies that have rocketed them to success as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street Stan Druckenmiller who as manager of the Soros Quantum Fund realized an average annual return of more than 38 percent on assets ranging between 2.0 and 3.5 billion. William Eckhardt a mathematician who in collaboration with trader Richard Dennis selected and trained the now legendary circle known as the Turtles. Bill Lipschutz a former architect who for eight years was Salomon Brothers largest and most successful currency trader. Blair Hull a one time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars and filled with candid appraisals. The New Market Wizards takes its place as a classic.
