**English** Eugene Benson, L.W. Conolly, 2004-11-30 Post Colonial Literatures in English together with English Literature and American Literature form one of the three major groupings of literature in English and as such are widely studied around the world. Their significance derives from the richness and variety of experience which they reflect. In three volumes this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories. In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide.

*Mystery of the Black Tower* John Palmer (Jun.), 2005 Set in the violent times of Edward III when England is at war against the Scots and the French. The Mystery of the Black Tower is the story of young Leonard who longs to escape the anonymity of his peasant's life. Seeking to win fame and renown Leonard enlists in England's army where he earns knighthood and the favour of the King. But when his true love the beauteous Emma is kidnapped and imprisoned in the haunted Black Tower Leonard must save her. Aided by his loyal but cowardly squire Owen Leonard will face a series of adventures along the way. Finally he will have to face an old nemesis in a duel to the death and escape a troop of robbers before he can rescue Emma and learn the secret of his own birth. Influenced by Don Quixote and Clara Reeve's *The Old English Baron* The Mystery of the Black Tower was popular with the Gothic reading public upon its release in 1796. Critically acclaimed in its own time and influential on later writers such as Scott and Ainsworth it ranks among the finest historical Gothic novels. This edition includes a new introduction for modern readers as well as the text of contemporary reviews.

Myers, 2022-08-23 INTERNATIONAL BESTSELLER WINNER OF THE MARY HIGGINS CLARK AWARD A spooky gothic romance with impeccable vibes I loved this Erin Sterling New York Times bestselling author of *The Ex Hex* Agatha Christie meets Bridgerton in this wickedly whimsical Gothic murder mystery bubbling with spooky thrills and romance about a fake spiritualist who is hired to perform a séance for a bride who died the eve of her wedding but as secrets unravel the line between hoax and haunting blurs Be careful what you conjure In Victorian London Genevieve Timmons poses as a spiritualist to swindle wealthy mourners until a failed con lands her in jail Then a stranger appears with a peculiar offer a nobleman Mr Pemberton has lost his beautiful fiancée under tragic and mysterious circumstances If Genevieve can convince him that his beloved rests in peace she'll earn her freedom But Mr Pemberton is not the brokenhearted romantic she imagined The surly

and undeniably handsome young lord barely knew his bride to be yet is certain she was murdered With no evidence only a confession will do and he enlists Genevieve to help draw it out Their plan Stage a haunting so theatrical so chilling it might just rattle the truth loose When frightful incidents befall the manor Genevieve begins to wonder if her tricks are even needed She may be a fraud but this ghost might be alarmingly real This gem of a book sparkles with wit and originality There is no shortage of tricks and feints in this excellent novel The Globe and Mail A delightful mix of gothic mystery and romance I had such fun reading this book Gwenda Bond New York Times bestselling author of Not Your Average Hot Guy A great read for spooky season nights A perfect addition to any Halloween reading list

*A History of European Literature* Walter Cohen,2017-01-19 Walter Cohen argues that the history of European literature and each of its standard periods can be illuminated by comparative consideration of the different literary languages within Europe and by the ties of European literature to world literature World literature is marked by recurrent systematic features outcomes of the way that language and literature are at once the products of major change and its agents Cohen tracks these features from ancient times to the present distinguishing five main overlapping stages Within that framework he shows that European literatures ongoing internal and external relationships are most visible at the level of form rather than of thematic statement or mimetic representation European literature emerges from world literature before the birth of Europe during antiquity whose Classical languages are the heirs to the complex heritage of Afro Eurasia This legacy is later transmitted by Latin to the various vernaculars The uniqueness of the process lies in the gradual displacement of the learned language by the vernacular long dominated by Romance literatures That development subsequently informs the second crucial differentiating dimension of European literature the multicontinental expansion of its languages and characteristic genres especially the novel beginning in the Renaissance This expansion ultimately results in the reintegration of European literature into world literature and thus in the creation of todays global literary system The distinctiveness of European literature is to be found in these interrelated trajectories
